Read this first

These Guidelines are binding on every student who registers with The Placement Cell, SVC. They are to be read together with the **Placement Policy 2026-27**. Where this document and the Placement Policy deal with the same matter, the Placement Policy prevails.

The whole document rests on one rule: **if you cannot prove it, you cannot write it.**

PART I · PRELIMINARY**1 PURPOSE**

- 1.1 These Guidelines govern the preparation, submission, verification and stamping of the Curriculum Vitae of every student registered with The Placement Cell, Sri Venkateswara College.
- 1.2 CV Vetting exists so that every claim on a CV that carries the stamp of the College is supported by evidence. The stamp is a statement by the College to a recruiter that the page has been checked.

- 1.3 Vetting protects three interests at once. It protects the **student**, because a claim you cannot defend in an interview costs you the offer. It protects the **batch**, because one inflated CV discovered by a recruiter can end a relationship built over many years, and every junior loses with it. It protects **fairness**, because students then compete on what they actually did.
- 1.4 Vetting is **not** CV writing, career counselling, profile building or a guarantee of shortlisting. The Cell verifies accuracy. The quality, positioning and profile fit of your CV remain your own responsibility.

2 SCOPE AND APPLICATION

- 2.1 These Guidelines shall be called the **CV Vetting Guidelines 2026-27**. They come into force on the date of notification by the Cell and remain in force for the 2026-27 session, until superseded.
- 2.2 They apply to every CV submitted to the Cell, and to every CV used by a student in any placement, internship or articleship opportunity facilitated by the Cell.
- 2.3 They bind every registered student, and apply to every pointer on the CV, irrespective of whether the underlying achievement was secured through the Cell.
- 2.4 Every Annexure forms an integral part of these Guidelines and is enforceable in the same manner as any clause.
- 2.5 These Guidelines supplement clause 20 of the Placement Policy 2026-27 and do not derogate from it.

3 INTERPRETATION

- 3.1 All words used shall have their general meaning, unless there is an express indication to the contrary.
- 3.2 **'Shall' indicates a mandatory requirement. 'May' indicates an option.**
- 3.3 The absence of a provision shall not be read as a permission. Where a matter is not expressly covered, clause 46 applies.
- 3.4 **In case of any ambiguity, the decision of the Cell shall be final and binding.**

4 DEFINITIONS

- 4.1 For the purposes of these Guidelines:

Term	Meaning
The Cell	The Placement Cell, Sri Venkateswara College, University of Delhi.
Coordinator	The member of the Cell assigned to a student under clause 8, who vets that student's CV and is that student's single point of contact.
Vetting Cycle	A defined window notified by the Cell during which CVs are submitted, verified and stamped.
Final Stamped CV	The CV as vetted, verified and stamped by the Cell, and returned to the student. It is the only CV a student may use in any opportunity facilitated by the Cell.
Variant	A version of the CV in the identical prescribed format, in which the emphasis of content has been altered for a target profile.
Pointer	Any line, bullet, phrase, word or figure appearing anywhere on the CV.
Proof	A document, communication or record that independently establishes a pointer, in accordance with Part III.
Official Domain Email	An email address hosted on an organisation's own domain, for example name@company.com. Gmail, Outlook, Hotmail, Yahoo, Rediff, Proton and all other public domains are not official domain emails, except as provided in clause 14.3.
Internship	Structured work with an organisation for a period of four weeks or more .

Term	Meaning
Live Project	Defined-deliverable work with an organisation for a period of less than four weeks , or project-based work carried out without a continuing role in the organisation.
Backlog	Any paper in which a student has not been declared to have passed, including a paper marked 'ER' (Essential Repeat), 'F', 'Fail', 'Absent' or 'Result Withheld' on a University marksheet.
Disputed Backlog	A backlog that the student asserts is the result of an error, and in respect of which a formal correction or re-evaluation process has been initiated, as governed by clause 23.

PART II · THE VETTING PROCESS

5 VETTING CYCLES

- 5.1 The Cell shall operate three kinds of Vetting Cycle. The dates of every Cycle shall be notified in advance through the media specified in clause 21.1 of the Placement Policy.

Compulsory Vetting Cycle

- 5.2 A Compulsory Cycle is ordinarily conducted after the declaration of semester examination results.
- 5.3 Getting the CV vetted in a Compulsory Cycle is **mandatory** in order to register with the Cell and to continue that registration. **The first Vetting Cycle of the session is a Compulsory Cycle.**
- 5.4 A student who fails to get their CV vetted in a Compulsory Cycle shall be **de-registered from the Cell** and shall not be eligible to apply to any company through the Cell for the remainder of the session. Clause 6.4 of the Placement Policy shall apply to such de-registration.
- 5.5 All variants shall be vetted during a Compulsory Cycle.

Optional Vetting Cycle

- 5.6 An Optional Cycle is held between two Compulsory Cycles. Participation is voluntary and at the discretion of the student.
- 5.7 New pointers, restructuring and profile-targeting changes are permitted in an Optional Cycle.

Mid-Vetting

- 5.8 Mid-Vetting exists for one narrow situation only: something already disclosed to the Cell **concludes** between two Cycles.
- 5.9 **Registration is a pre-condition.** A Mid-Vetting registration form shall be circulated during every Compulsory Cycle. **Only a student who filled that form is eligible to avail Mid-Vetting.** There is no exception.
- 5.10 Mid-Vetting may be availed only in the following cases:

Case	What may be changed	What may not be changed
A Position of Responsibility, Internship or Live Project concludes	Pointers under that specific entry only, including changing "Ongoing" to an end date, and mentioning the receipt of a Pre-Placement Offer	Any other pointer anywhere on the CV
A level or group of a Professional Course concludes	Pointers under that specific course only, including the rank, grade or group cleared	
The latest semester result is declared	The CGPA figure and the semester reference only	
A disputed result is corrected under clause 23	The affected result pointer only	

- 5.11 A Mid-Vetting request shall be made to the assigned Coordinator using Template D.4, attaching the updated CV and proof **for the specific change alone**.

General rules on Cycles

- 5.12 **CV updation is at the sole discretion of the Cell.** Whether an Optional Vetting Cycle or a Mid-Vetting window is opened at all in a given session, when it is opened, for how long it stays open, and what may be changed within it, shall be decided by the Cell alone.
- 5.13 Where the Cell decides to open a window for updation, **the same shall be intimated to students in advance** through email, the official placement WhatsApp group, the placement portal where in use, or any other medium notified under clause 21.1 of the Placement Policy. It is the responsibility of the student to keep themselves informed through every such medium.
- 5.14 **No student holds a right to demand an updation window, or to have a CV updated outside a window notified by the Cell.** A request for updation received when no window is open shall not be entertained, and shall not be treated as pending for the next window.
- 5.15 Cycle deadlines shall **not be extended** for any individual student.
- 5.16 **Once a CV is vetted and stamped, no change shall be permitted on account of any error, omission or discrepancy caused by the student** or by any person acting on the student's behalf. The student shall carry that CV until the next Cycle. Proofread before submitting.
- 5.17 The Cell reserves the right to raise a discrepancy on **any pointer at any time**, including a pointer that was vetted and stamped in an earlier Cycle. Vetting in a previous Cycle is not a permanent approval.
- 5.18 These Guidelines may be amended between Cycles. A pointer accepted in an earlier session may not clear in the present one.

6 SUBMISSION REQUIREMENTS

- 6.1 In every Cycle a student shall submit **two items**: the CV or CVs, and the Proof File.
- 6.2 The CV shall be submitted in **PDF format**, in strict adherence to the format prescribed by the Cell under clause 17.
- 6.3 The PDF shall be **character-recognisable**, that is, the text in the PDF must be selectable and highlightable. A CV exported as an image, scanned, or photographed shall be **returned unvetted without review**.
- 6.4 The file containing the CV shall not exceed **10 MB**. The file containing the proofs shall not exceed **25 MB**.
- 6.5 The following nomenclature is mandatory. A file named otherwise shall be returned unvetted.

FILE NOMENCLATURE

CV	FullName_CollegeRollNumber_Variant.pdf
	Ananya_Sharma_0992083_A.pdf Ananya_Sharma_0992083_B.pdf
Proof File	FullName_CollegeRollNumber_Proofs.pdf
	Ananya_Sharma_0992083_Proofs.pdf

The College Roll Number alone is to be used. The course code or enrolment number is not to be added.

- 6.6 Submission shall be made only on the medium notified by the Cell, or by mail to pcell@svc.ac.in from the student's official College email address, in accordance with clause 21.2 of the Placement Policy.
- 6.7 Students are advised not to submit on the last day of a Cycle. A submission made on the last day leaves no room to cure a discrepancy, and the deadline shall not be relaxed on that ground.

7 THE PROOF FILE AND PROOF INDEX

- 7.1 The Proof File shall be a **single PDF** containing proof for **every** pointer on the CV.

- 7.2 All proofs shall be compiled into a single PDF and shall appear in exactly the same order of occurrence as the pointers appear on the CV, read from the top of the CV to the bottom.** The first proof in the file shall correspond to the first pointer on the CV, and the last proof shall correspond to the last pointer on the CV.
- 7.3** Since Educational Qualifications appear first on the CV, the **College or University marksheet is the first proof after the Index**, followed by Class XII, then Class X, then the proof for every subsequent section in the order those sections appear, ending with the proof for the bottom-most pointer on the CV.
- 7.4** Within each section, proofs shall follow **reverse chronological order**, the most recent entry first, mirroring the order of the entries on the CV itself.
- 7.5** Illustration of the required order:

Order	Pointer on the CV, read top to bottom	Corresponding proof in the Proof File
1	B.Com. (Hons.), SVC, 8.42 CGPA (Till Sem IV)	Latest semester marksheet showing all previous semesters
2	AISSE (CBSE), 2023	Class XII marksheet
3	AISSE (CBSE), 2021	Class X marksheet
4	CA Intermediate (ICAI), Group II	Result slip
5	Work Experience, most recent internship	Certificate and official domain email
6	Work Experience, earlier internship	Certificate and official domain email
7	Live Projects	Completion certificate and work order
8	Positions of Responsibility, most recent	Tenure certificate from the society
9	Academic Achievements, most recent	Certificate
10	Extra-Curricular Activities	Certificate
11	Skills and Interests, bottom-most pointer	Technical skill certificates

- 7.6** Students are requested to make sure the Proof File is arranged properly before submitting it. A file that follows the order of the CV is verified quickly, and a file that does not takes far longer for everyone.
- 7.7** Every page of the Proof File shall be legible at 100% zoom. Where a document runs to several pages, the relevant line shall be highlighted and the page range stated in the Index.
- 7.8** Any information not supported by proof in the Proof File **shall not be considered**, and shall be removed from the CV before stamping.

8 THE ASSIGNED COORDINATOR

- 8.1** Every student shall be assigned a Coordinator of the Cell, and shall be intimated of the same through the media notified by the Cell from time to time, in accordance with clauses 20.6 and 21.1 of the Placement Policy. It is the responsibility of the student to keep themselves informed through every such medium.
- 8.2** The assigned Coordinator shall vet the student's CV and shall be the student's **single point of contact** for all vetting queries. Students shall route all queries through their assigned Coordinator.
- 8.3** Students shall not approach other members of the Cell, office-bearers or faculty with vetting queries. Parallel queries delay the entire Cycle.
- 8.4** Discrepancies shall be communicated by the Coordinator in a **consolidated list**. The student shall respond within the deadline stated in that communication.
- 8.5** A student may expect a response within **five working days** of submission, or of raising a query, whichever is applicable.
- 8.6** **Any misbehaviour, canvassing, pressure or misconduct towards an assigned Coordinator shall result in blacklisting from the placement process**, in accordance with clauses 19.6, 19.7 and 20.6 of the Placement Policy. Disagreement with a decision is permitted; discourtesy is not.

- 8.7 Escalation.** Where a dispute cannot be resolved with the Coordinator, the student may write to pcell@svc.ac.in keeping the Coordinator in copy. An escalation that bypasses the Coordinator shall be returned.

9 THE FINAL STAMPED CV

- 9.1** On completion of vetting, the Cell shall stamp the CV and return it to the student by mail. That CV is the **Final Stamped CV**.
- 9.2** **A student is permitted to use only the Final Stamped CV** in every opportunity facilitated by the Cell, and in every stage of every process, until the next Cycle.
- 9.3** Using a CV other than the Final Stamped CV, or editing the Final Stamped CV for a particular opportunity without the knowledge of the Cell, shall attract **blacklisting for two months, extending to permanent blacklisting in aggravated cases**, in accordance with clause 23.2 of the Placement Policy.
- 9.4** Where a company requires physical copies, the student shall carry **three copies of the Final Stamped CV** in accordance with Annexure B.2 of the Placement Policy.
- 9.5** **Forging, fabricating or altering a proof, or furnishing false or misleading information to the Cell or to a company, shall attract permanent blacklisting in addition to disqualification**, in accordance with clause 23.2 of the Placement Policy.

10 VARIANTS

- 10.1** A student may maintain a maximum of **two** CVs: **Variant A**, being the general CV, and **Variant B**, being a targeted CV. **A third variant shall not be permitted.**
- 10.2** Where a student submits only one CV, it shall be treated as **Variant A** by default.
- 10.3** A targeted variant is prepared beforehand with a particular profile in mind. The Career Objective is retargeted, relevant experience is elaborated, and unrelated experience is compressed.
- 10.4** **A variant changes emphasis, never format.** The format shall be identical across all variants.
- 10.5** **A pointer may not appear in a variant unless it has been vetted.** Nothing may be added to Variant B that was not vetted for Variant A.
- 10.6** Where a pointer appears in more than one variant, **its wording shall be identical in each.** A variant is not an opportunity to quietly rewrite an approved pointer.
- 10.7** All variants shall be submitted and vetted in the same Compulsory Cycle. A variant that has not been vetted does not exist for the purposes of these Guidelines.

Example

A student targeting Market Research keeps Variant A general. In Variant B, the market research internship is moved up and given three bullets instead of one, the Career Objective names market research, and two unrelated Positions of Responsibility are compressed to one line each. Nothing new has been introduced.

PART III · STANDARDS OF VERIFICATION

11 FACTUAL VETTING AND QUALITATIVE VETTING

- 11.1** Every pointer shall be tested on two layers.
- 11.2** **Factual Vetting** is the process of verifying that every statement or claim made, and every fact or quantitative figure mentioned, whether standing alone or as part of a phrase or sentence, is supported by objective and provable evidence. It includes numerical data, dates, durations, designations, organisation names, positions and ranks awarded, and every other factual assertion.

11.3 Qualitative Vetting is the process of verifying that the wording itself does not deviate from the meaning approved in the proof. A student may not upgrade, embellish or reframe what the proof states. Qualitative Vetting is always undertaken **in addition to** Factual Vetting.

11.4 The Cell shall undertake **Factual Vetting for every section** of these Guidelines. **Qualitative Vetting** shall additionally be undertaken wherever these Guidelines so state, and in every case for Positions of Responsibility and for descriptive bullets under Work Experience.

11.5 Illustration. Consider the pointer:

"Led the organisation of Nexus 2026, a national summit with 10,000 footfall and 5,000 registrations"

Layer	What is tested
Factual	That Nexus 2026 exists. That it was national in scope. That footfall was 10,000. That registrations were 5,000. That the student was associated with it.
Qualitative	That the word "Led" is what the proof supports. If the certificate states "Member, Organising Committee", the permitted word is not "Led". If the proof states "Assisted in organising", the pointer shall read "Assisted in organising".

12 QUANTITATIVE CLAIMS

12.1 Any pointer containing a number, percentage, ratio, rank, monetary figure, headcount, duration or any other quantitative claim shall be independently verified. There is no exception to this clause.

12.2 Where the figure does not appear on the certificate, the student shall obtain an email or letter from the concerned authority in the organisation confirming it. Such an email or letter is valid proof. Template D.2 may be used.

If the CV states	The student must prove
"Managed a team of 15"	The team size, in writing, from the organisation
"Increased engagement by 40%"	An analytics screen recording and confirmation from the organisation
"Raised INR 2 lakh in sponsorship"	Written confirmation from the organisation, or the sponsorship record
"Selected from a pool of 3,000 applicants"	Written confirmation of the pool size from the organisation
"Top 5 of 200 teams"	The result declaration naming the team, and the participant count
"Trained 60 students across 4 workshops"	Attendance records or organisational confirmation of both figures

12.3 Selection pools. Where a student wishes to mention the pool of candidates from which they were selected, proper proof of the pool size shall be produced. **A student shall not, under any circumstances, write the batch size, the number of application forms received, or the number of event registrations as the pool of candidates**, unless the proof itself states that figure as the selection pool.

12.4 Self-derived outcomes are not vettable. Any quantitative figure, factual assertion or outcome arising as an inference or conclusion drawn by the student from their own analysis shall not be mentioned on the CV. The Cell does not hold the authority to ratify a student's own conclusions.

Not permitted	Permitted
Identified a cost-saving opportunity of INR 4 Cr in my equity research report	Prepared an equity research report on XYZ Ltd. covering cost structure and margins

13 THE PROOF HIERARCHY

13.1 Proofs fall into three tiers. A Tier 1 proof settles a pointer on its own. A Tier 2 proof is accepted where a Tier 1 proof is unavailable. A Tier 3 proof is never sufficient on its own.

Tier 1: Primary Proof, accepted on its own

- A certificate, letter or marksheet issued by the organisation or authority, stating the student's name and every detail claimed.
- An email from the **official domain email ID** of the organisation confirming the claim.
- An official letter on the organisation's letterhead bearing the **signature of the concerned authority and the official stamp**.

Tier 2: Secondary Proof, accepted where Tier 1 is unavailable, at the discretion of the Cell

- The student's name in the official list of awardees, participants or postholders on the organisation's official website.
- A signed offer letter **together with** the subsequent trail mail evidencing the work actually done. Neither document suffices alone.
- A mention of the specific achievement on the website of the umbrella organisation or institution.
- An e-certificate, provided it was mailed to the student from the organisation's official domain ID and carries all claimed details.
- A result declaration on the organising body's verified social media handle, provided the student's name, the team's name and the position secured are **explicitly** stated in the post.

Tier 3: Corroborative Proof, never sufficient on its own

- A screenshot of an official WhatsApp group.
- A photograph with a medal, trophy or team.
- A screenshot of a portal or platform dashboard.
- A bank statement showing a credit.

Change from previous editions

A WhatsApp group screenshot is no longer accepted as standalone proof of an internship or of a Position of Responsibility. A recruiter would not accept it, and neither can the Cell. It may support a Tier 1 or Tier 2 proof; it cannot replace one.

13.2 Screenshots of email. Where a claim rests on an email, the student shall **forward the original email** to the Cell so that the sender address, date and headers survive. A cropped screenshot of an email may be attached for convenience but shall not by itself be accepted.

13.3 E-certificates shall be accepted, provided they have been emailed to the student from the official domain ID of the organisation and carry all the relevant details.

14 OFFICIAL DOMAIN COMMUNICATIONS

14.1 Every verification email shall be sent from a **non-public domain**. Gmail, Outlook, Hotmail, Yahoo, Rediff, Proton and all other public domains do not qualify.

14.2 All project and internship pointers shall be verified through an email sent directly from the respective organisation's official email address on a valid domain, in accordance with clause 20.5 of the Placement Policy.

14.3 The school and small-organisation exception. Many schools, small NGOs and small firms operate on public domain addresses. Such an address shall be accepted **once the student establishes that it belongs to the institution**, by either:

- an official letter from the institution on its letterhead, signed and stamped, stating that the public domain address is its official address; or

- that address being listed on the institution's official website, or on the website of its umbrella body.

- 14.4** Once so established, every further proof from that address shall be treated as valid for that student, for that institution, for that session.
- 14.5** A letter shall carry **both** the signature of the concerned authority **and** the official stamp. A letter carrying only one of the two shall be treated as incomplete.

15 THE AUTHORITY PRINCIPLE

15.1 A body may ratify only that which lies within its own authority.

A body may confirm	A body may not confirm
That the student was House Captain of the school	The student's District, State or National Board examination rank, which the school did not confer
That the student represented the college society at an external competition	What the student won at that competition, which only the organising body can confirm
That the student completed a project under a professor	The commercial or market impact of that project
That the student interned with the organisation	The size of the applicant pool, unless the organisation itself holds that data

- 15.2** Where a claim exceeds the ratifying body's authority, proof shall be obtained from the body that actually conferred the achievement.

16 PROOFS NOT ACCEPTED

16.1 The following shall not be accepted as proof under any head:

Not accepted	Reason
A self-signed certificate, or a certificate signed by the student in the capacity of founder	Not independent of the claim
A visiting card of the student or the entity	Establishes nothing
A social media page or account as proof of a business's existence or place of operations	Created in a minute by anyone
A screenshot of an unattributable chat	Cannot be traced to a source
A certificate that ratifies an achievement outside the ratifying body's authority	Clause 15
A document that does not carry the student's name	Cannot be attributed to the student
An offer letter alone, in respect of an internship or live project	Proves an offer was made, not that the work was done
A course claim that does not name the issuing platform or institution	Unverifiable
A document stating the expected receipt of funds or a grant	An expectation is not a receipt
An unpublished manuscript offered as proof of a research paper	Clause 32.2

- 16.2** Where a pointer cannot be proved, the student has three options, in this order: **rewrite it** to what the proof supports; **obtain proof** using the templates in Annexure D; or **remove it**. An honest CV with six pointers is worth more than a rejected CV with twelve.
- 16.3** A fourth course, being the submission of a fabricated, edited or misrepresentative proof, shall attract clause 9.5.

PART IV · THE CV FORMAT

17 THE PRESCRIBED FORMAT IS MANDATORY

- 17.1 Every student shall prepare their CV in the format prescribed and circulated by the Cell. This is a mandatory requirement and not a recommendation.** Clause 20.3 of the Placement Policy provides that CVs which do not adhere to the specified format shall not be accepted under any circumstances.
- 17.2** A common query is whether a student may instead prepare a CV in a manner they consider fit. The position is as follows.
- 17.3** A standard format exists for three reasons. It allows a recruiter to compare candidates from the College on the same terms. It allows the Cell to vet a large volume of CVs consistently and quickly. It removes the risk that a student loses a shortlist because of a design choice rather than a credential.
- 17.4 Where a student submits a CV that departs from the prescribed format, the Cell may, at its sole discretion:**
- **accept it**, if on examination the Cell deems the CV fit, being complete, consistent, one page, free of prohibited content and no less legible than the prescribed format;
 - **direct the student to remake it** in the prescribed format, if the time window in the Cycle permits, in which case the CV shall be resubmitted by the deadline stated by the Coordinator; or
 - **reject the CV**, in which case the student shall stand unvetted for that Cycle, with clause 5.4 applying where the Cycle is a Compulsory one.
- 17.5 The discretion under clause 17.4 rests solely with the Cell and shall not be claimed as a right.** A student who departs from the prescribed format does so at their own risk, and shall not plead the absence of time as a ground for relaxation.
- 17.6 Where a student uses a non-prescribed CV for a particular opportunity**, whether or not that CV was vetted, the CV shall be treated as a CV other than the Final Stamped CV, and **the application to that opportunity may be rejected** in addition to the consequences under clause 9.3.
- 17.7** A student who believes the prescribed format does not do justice to a particular profile may write to their Coordinator **before the Cycle opens**, setting out the specific difficulty. The Cell may permit a limited deviation for that student. A deviation so permitted shall be recorded, shall not constitute a precedent, and shall not confer any right on any other student.
- 17.8** Where a student has no information to provide under a heading or sub-heading, that heading shall be **removed**, not left blank. **The nomenclature of a heading shall not be altered** unless these Guidelines expressly permit it.

18 FORMATTING SPECIFICATIONS

- 18.1** The following specifications are mandatory.

Item	Specification
Length	Exactly one page. There is no exception. A two-page CV shall be returned.
Font family	One standard font throughout. Calibri (Body) is prescribed. A student who cannot access it shall use a standard sans-serif of similar width and shall not mix families.
Font size	Full name: 18. Educational Qualifications table: 8. All other text: 9 to 11. No text on the CV shall fall below size 8.
Name	Full name in CAPITAL LETTERS , size 18.
Margins	Not less than 0.5 inch on every side, to avoid printing and PDF conversion errors.
Alignment	Text shall be properly aligned. Section headings, bullets and date columns shall align consistently down the page.

Item	Specification
Order	Reverse chronological in every section. The most recent or ongoing entry first.
Dates	Right-aligned, in bold square brackets , in one consistent format across the entire CV. Example: [July 2025 – Present]
Full stops	Do not use a full stop at the end of a bullet. Full stops shall not be used at the end of, or in between, any point mentioned under any heading.
Dashes	Use a hyphen "-" only between connecting words, such as fill-in or co-founder. Use an en dash "-" everywhere else, including in date ranges.
Bold	Only for headings, organisation names, role names and words that carry real weight. Bolding everything bolds nothing.
Bullets	Only key details shall be bulleted. One line per bullet.
Dense text	Not permitted. The CV shall not contain paragraph blocks in the body.
Hyperlinks	None, except LinkedIn. The display text shall read exactly LinkedIn and nothing else.
Colour	Black, with at most one dark accent. Bright colours such as yellow and orange shall not be used.
Photograph	Not permitted, in order to reduce cognitive bias in shortlisting.
Spell check	Shall be run before submission. A typographical error on a stamped CV reflects on the College.
File	Text-selectable PDF, under 10 MB, named in accordance with clause 6.5.

A note on exporting

Exporting a CV as an image and then converting it to PDF produces a file whose text cannot be selected. Such a file is returned unvetted under clause 6.3. Always export directly from the word processor.

19 CONTENT STANDARDS AND PROHIBITED CONTENT

Career Objective, optional

- 19.1** A Career Objective is a brief paragraph setting out the skills and interests that correspond to the role applied for, and how the role fits the student's longer path. It shall **not exceed 50 words**. It is most useful for students with limited work experience.

"A final-year commerce graduate with a strong inclination towards finance, market research and consulting, seeking a full-time position in an organisation that provides scope to apply analytical and quantitative skills."

Writing a bullet that survives vetting

- 19.2** Structure every bullet as: **action verb, what was done, measurable outcome where provable, context.**

Weak	Strong
Assisted in the marketing team	Executed a 6-week campus outreach campaign across 4 colleges, generating 320 registrations
Was responsible for social media	Managed the society's Instagram handle, growing followers from 1,200 to 3,400 over 5 months
Hardworking and dedicated intern	Built a three-statement financial model for 5 listed FMCG companies under the Research Analyst

- 19.3** Every figure in the right-hand column requires proof under clause 12. Write the strong bullet first, then obtain the proof.

Word choice

- 19.4 Use:** accomplished, analysed, built, conducted, coordinated, designed, developed, drafted, evaluated, executed, generated, implemented, launched, managed, negotiated, presented, researched, streamlined, structured, targeted.
- 19.5 Avoid:** hardworking, dedicated, assisted, helped, worked on, was responsible for, team player, passionate, dynamic, go-getter.
- 19.6 Personal pronouns shall not be used.** The words I, me, my, we, he and she shall not appear on the CV.

Prohibited content

- 19.7** The following shall not appear anywhere on the CV:

Photograph	Date of birth	Caste, religion or community
Father's or guardian's name	Marital status	Height, weight or blood group
Complete postal address	Signature	More than one phone number or email
Any hyperlink other than LinkedIn		

Anti-duplication

- 19.8 The same achievement shall not be mentioned under two headings.** A competition win belongs either under Academic Achievements or under Extra-Curricular Activities, not both.
- 19.9 Overlapping full-time engagements shall not be mentioned.** Two or more full-time engagements claimed over the same dates shall be queried, and the student shall either correct the nature of the engagements or remove one.

PART V · SECTION-WISE RULES

Every section below follows the same structure: what shall be mentioned, how it shall be written, what proof is required, and where useful, worked examples.

20 HEADER AND PERSONAL DETAILS

- 20.1** The header shall carry, in this order: full name in capitals, professional title if used, city and state, one phone number, one email address, and the LinkedIn hyperlink if used.
- 20.2** Students shall mention their **official College email address** where one has been issued.
- 20.3** The phone number shall be written in the format **+91 99 999 99 999**.
- 20.4** The city and state alone shall be mentioned. The complete postal address shall not be mentioned.
- 20.5** Clause 19.7 applies in full to the header.

21 SPIKES

- 21.1** A **Spike** is a short, standalone element placed near the top of the CV, summarising the strongest credentials, each of which is elaborated in the body of the CV. Spikes are optional.
- 21.2** The student shall have a **direct association** with whatever is spiked, including with the organisation, event or achievement. The final decision in this regard rests with the Cell.
- 21.3** The following rules apply.

Rule	Illustration
A Professional Course may be spiked only when qualified . Where the course has levels, the highest level qualified shall be spiked, unless the complete course has been qualified	Valid CFA Level I, once cleared Valid CFA Level I (Pursuing), while pursuing Invalid CFA, while only Level I is cleared
A rank or score may be spiked only where it stands for a complete examination , not for selected subjects	Valid DU Rank 3, where ratified for all subjects of that semester or by the University Invalid DU Rank 1, based on a 10 SGPA in some subjects
A simulated or derived rank shall be labelled	Valid CUET AIR 740 (DU) Invalid CUET AIR 740
Knowledge partners, sponsors and associate brands of a competition shall not be spiked. Only the organising body and the competition may be spiked	For a podium finish at a society-run case competition, the competition name and the position may be spiked. The sponsoring brand may not
An organisation may be spiked only where the student has worked, or holds a written offer to work, directly with it	An organisation whose brand appeared on an event backdrop is not the student's employer

22 EDUCATIONAL QUALIFICATIONS

22.1 Educational Qualifications shall appear first on the CV, in reverse chronological order, in the table prescribed in the CV format. The name of the course is governed by clause 22A, the University result by clause 22B, and the Board examinations by clauses 22C to 22F.

22A Course Nomenclature

22.2 The course shall be written exactly as it appears on the University record, being the marksheet, the admission record or the CSAS allocation. A recruiter reads the course name literally, and so does an applicant tracking system. A shortened or invented form is read as a different qualification.

22.3 The honours suffix shall be written as **(Hons.)**, with a capital H and a full stop. The forms "Honors", "hons", "H", "(H)" and "Hns" shall not be used.

22.4 The discipline shall follow the degree, without a comma, in the manner used by the University.

Stream	Write it as	Do not write
Commerce	B.Com. (Hons.)	BCH, B.Com Hons, Bcom(H), Commerce Honours
	B.Com. (Prog.)	B.Com Pass, B.Com General
Arts and Social Sciences	B.A. (Hons.) Economics	BA Eco, Eco Hons, Economics (H), B.A. Economics Honours
	B.A. (Hons.) English History Political Science Sanskrit Sociology Hindi	BA English, Pol Sc Hons, BAH Sociology
	B.A. (Prog.), naming both disciplines, for example B.A. (Prog.) Economics and Political Science	B.A. Programme, BA Prog, B.A. Pass
Sciences	B.Sc. (Hons.) Biochemistry Botany Chemistry Electronics Mathematics Physics Statistics Zoology	BSc Physics, Physics (H), B.Sc Hons Chem
	B.Sc. (Hons.) Biological Sciences	BSc Bio, Life Sciences Hons
	B.Sc. (Prog.) Life Science Physical Science, naming the combination as it appears on the record	BSc Prog, B.Sc. General, BSc Pass

The table lists the forms most commonly required at SVC. Where a student's course does not appear above, the course shall be written exactly as it appears on the University record, and the correct form may be confirmed with the assigned Coordinator before submission.

- 22.5 Four-year programmes.** A student under the Undergraduate Curriculum Framework shall write the degree in the form in which the University confers it. A student exiting after three years writes **(Hons.)**. A student completing the fourth year writes **(Hons.)** or **(Hons. with Research)**, and the latter may be used **only** where the student is in fact enrolled in the research track and the University record states it.
- 22.6 The Year column shall state the year of passing. The word "Pursuing" shall not be used anywhere in the Educational Qualifications table, under any circumstances.** A student who has not yet completed the course shall state the **expected year of passing**. For the 2026-27 session the following applies:

Where the student is	Year column reads	Reason
Entering the third year in the 2026-27 session	2027/28	Three-year exit falls in 2027, and completion of the fourth year falls in 2028. Both are shown because the student has not yet exercised the choice
Pursuing the fourth year in the 2026-27 session	2026/27	The course concludes within this academic session

- 22.7** A student who has settled the question, by opting out of the fourth year or by confirming continuation, may state the single applicable year instead of both. The Cell may notify a different form of the Year column for a batch, and any such notification shall prevail over this clause.
- 22.8** The same rule governs the Class XII and Class X rows and Professional Qualifications: **the Year column carries a year, never a word**. Where a professional course is under way, that status is conveyed by the wording of the entry itself, for example **CFA Level I (Pursuing)** under clause 21.3, and never by the Year column.
- 22.9** The year of passing shall be entered as a single year only after the final result is declared. **A student continuing into the fourth year shall not present the three-year exit degree as awarded unless it has in fact been awarded.**
- 22.10 Specialisation.** Where the programme carries a formal specialisation, stream or discipline combination on the University record, the same shall be stated in brackets after the course name. Where the programme carries none, a specialisation shall not be invented.
- 22.11 Generic Elective, Discipline Specific Elective and Minor papers do not form part of the course name** and shall not be appended to it. A student of B.Com. (Hons.) who took an Economics Generic Elective is not a student of "B.Com. (Hons.) with Economics".
- 22.12 Institution.** The institution shall be written as **Sri Venkateswara College, University of Delhi**. The forms "SVC" standing alone, "Venky", "Venkateswara College" and "DU" shall not be used in the education table. The suffix "SVC" is used only for College society names under clause 33.7.
- 22.13** A student who has migrated or changed course shall show **only the course presently pursued** in the education table, and shall account for the earlier course to the Cell in writing where the years would otherwise read inconsistently.
- 22.14** The degree shall not be used as a title before or after the student's name in the header.

CORRECT EDUCATION TABLE ENTRIES

B.Com. (Hons.)	Sri Venkateswara College, University of Delhi	2027/28	8.42 CGPA (Till Semester IV)
B.A. (Hons.) Economics	Sri Venkateswara College, University of Delhi	2027/28	8.76 CGPA (Till Semester IV)
B.Sc. (Hons.) Statistics	Sri Venkateswara College, University of Delhi	2026	8.91 CGPA

22B University Examination Result

- 22.15** The following shall be compulsorily mentioned: **name of the University; name of the Course, with the specialisation where applicable; the year of passing determined under clause 22.6; and the latest CGPA**, suffixed with the term "CGPA" and followed by the semester reference in brackets.

AS IT APPEARS IN THE EDUCATION TABLE

B.Com. (Hons.)	Sri Venkateswara College, University of Delhi	2027/28	8.42 CGPA (Till Semester IV)
-----------------------	---	---------	-------------------------------------

22.16 The result shall be expressed in terms of **CGPA**, computed as the **weighted average of credit points**:

$$\text{CGPA} = \frac{\text{Total Credit Points earned across all semesters}}{\text{Total Credits across all semesters}}$$

22.17 Worked example:

Semester	Total Credits	Total Credit Points	SGPA
I	22	182	8.27
II	22	190	8.64
III	28	216	7.71
IV	28	234	8.36

$$\text{CGPA} = (182 + 190 + 216 + 234) \div (22 + 22 + 28 + 28) = 822 \div 100 = \mathbf{8.22}$$

The simple average of the four SGPA's is 8.245, which is **wrong**.

22.18 Do not average SGPA's. A CGPA computed as the average of semester GPA's shall be treated as an incorrect figure and shall be corrected.

22.19 Rounding. The result shall be rounded to **two decimal places**. 8.167 becomes 8.17. 8.133 becomes 8.13. A CGPA of 9.476 shall be written as 9.48 and shall not be written as 9.5.

22.20 SGPA shall not be used in place of CGPA. SGPA reflects a single semester; CGPA reflects the cumulative position. The two are not interchangeable. A student may mention an SGPA **separately**, clearly labelled as SGPA and naming the semester.

22.21 Rank. Where a University or College rank is mentioned as a separate pointer, **the name of the Course shall compulsorily be mentioned**. A University of Delhi rank shall be ratified by a letter from the University stating it. A subject-wise rank shall name the subject completely.

22.22 Proof. A self-attested scanned copy of the marksheet of the **latest** semester, showing all previous semester results. Where the latest marksheet does not carry the earlier semesters, all marksheets shall be attached.

22C Board Examinations: Nomenclature

22.23 The examination shall be named by its correct title, and the Board shall be named in brackets. Writing "Class XII" or "12th" alone is not sufficient. The following nomenclature shall be used.

Board	Class X examination	Class XII examination
CBSE Central Board of Secondary Education	AISSE All India Secondary School Examination	AISSE All India Senior School Certificate Examination
CISCE Council for the Indian School Certificate Examinations	ICSE Indian Certificate of Secondary Education	ISC Indian School Certificate
NIOS National Institute of Open Schooling	Secondary Examination (NIOS)	Senior Secondary Examination (NIOS)
State Boards	The examination as named by the Board, with the Board named in full at least once. Example: SSC (Maharashtra State Board)	The examination as named by the Board, with the Board named in full at least once. Example: HSC (Maharashtra State Board)

Board	Class X examination	Class XII examination
Cambridge Cambridge Assessment International Education	IGCSE International General Certificate of Secondary Education	A Levels or AS Levels , as applicable, with the number of subjects stated
International Baccalaureate	IB MYP Middle Years Programme	IBDP IB Diploma Programme, with the score out of 45 stated

HOW THE EDUCATION TABLE SHOULD READ

AISSE (CBSE)	Delhi Public School, Gurugram	2023	94.2%
ISC (CISCE)	St. Xavier's School, Jaipur	2023	95.5%
AISSE (CBSE)	Delhi Public School, Gurugram	2021	96.4%

22.24 The city shall be mentioned along with the school name.

22.25 The **Name of the Board** and the **Year of Passing** are compulsory for both Class X and Class XII.

22D Class XII Result

22.26 The result shall be expressed in terms of **percentage**, computed as follows:

Board	Method of computation
ISC (CISCE)	English (Language and Literature) and the best 3 of 4 academic or elective subjects
CBSE and all other Indian boards	English (Core or Elective) and the best 4 academic or elective subjects
Cambridge (A Levels)	Grades shall be stated as awarded , with the number of subjects. A percentage shall not be constructed from letter grades unless the Board publishes an official conversion
IBDP	The score shall be stated out of 45 , as awarded. A percentage shall not be constructed unless the Board publishes an official conversion

22.27 Subjects shall be selected in accordance with the **highest marks obtained**. Additional or vocational subjects outside the academic or elective list shall not be counted.

22.28 **"Best of Four" as used in University of Delhi admissions shall not be used.** The two computations are different and shall not be conflated.

22.29 A student may state absolute marks alongside the percentage, for example **91.4% [457/500]**.

22.30 **Proof.** A self-attested scanned copy of the original marksheet or the DigiLocker marksheet.

22E Class X Result

22.31 The result shall be expressed in terms of **percentage**, computed as follows:

Board	Method of computation
CBSE, and any board employing a CGPA-based grading system	Percentage = CGPA × 9.5. Where the Board issues marks rather than a CGPA, the average of the best 5 subjects shall be used
ICSE (CISCE)	The average of the best 5 subjects, English compulsorily included
All other boards	English and the best 4 academic or elective subjects
IGCSE and IB MYP	Grades shall be stated as awarded , with the number of subjects

22.32 **Proof.** A self-attested scanned copy of the original marksheet or the DigiLocker marksheet.

**22F Board Examination Ranks**

- 22.33** Where a student wishes to mention a District, City, State or National rank obtained in a Board examination which was **published by a media house** and not on the official website of the Board, the student shall **compulsorily cite the source or media house** on the CV.

RANK PUBLISHED BY A MEDIA HOUSE**AISSCE (CBSE)**

XYZ School, Delhi

2023

98% | City Rank 2*

*Published by The Hindu

- 22.34** A school shall not ratify a District, City, State or National rank. Such a rank exceeds the school's authority under clause 15. Proof shall be obtained from the publishing authority or from the Board.
- 22.35** **Backtracked or self-derived ranks shall not be mentioned.** Where no rank has been officially published, a rank computed by the student from their own percentage, by treating 100% as Rank 1, 99.8% as Rank 2 and so on, shall not appear on the CV. The percentage shall be stated instead.

Why clause 22.35 exists

Some peer colleges permit a documented backtracked rank. SVC does not. The underlying score distribution is never published, the method is not comparable across boards, and a recruiter who reads "State Rank 4" will not read the footnote explaining that the student computed it themselves. A rank a student derives is an estimate wearing the clothes of an award.

23 DISPUTED, ERRONEOUS AND PENDING RESULTS, AND BACKLOGS

- 23.1** This clause governs every case in which a student's University result is incomplete, withheld, disputed, or reflects a backlog which the student asserts is an error. It applies to a result marked **ER (Essential Repeat)**, **F, Fail, Absent, Result Withheld, Result Later** or **Incomplete**, and to any case in which internal assessment marks are missing from the marksheet.
- 23.2** The Cell recognises that such entries frequently arise from causes outside the student's control, including non-uploading of internal assessment marks, errors in the manual entry of transcripts, and a student being recorded absent in a paper for which they in fact appeared.

23A The governing rule

- 23.3** A CV shall reflect the result as it presently stands on the official record of the University. A student shall not write a CGPA, a percentage or a "Passed" status which the official record does not support, on the ground that a correction has been applied for.
- 23.4** A student is **not** required to write the words "backlog", "ER" or "Fail" on the CV. The CV is not a disclosure document for adverse results. What the student is required to do is refrain from stating a figure that the record does not support, and to disclose the position to the Cell under clause 23.5.
- 23.5** **Duty to disclose.** A student whose result carries a backlog, an ER, an Absent entry, a withheld result, or a pending correction, **shall disclose the same to their assigned Coordinator in writing at the time of submission**, whether or not it affects any pointer on the CV, and shall use Template D.5. Non-disclosure shall be treated as furnishing misleading information under clause 21.3 of the Placement Policy.
- 23.6** Disclosure is required because **many recruiters set their own eligibility criteria as to backlogs**, and clause 7.5 of the Placement Policy provides that a company's own eligibility criteria are not overridden by the Policy. A student who discloses can be advised correctly on which opportunities they are eligible for. A student who conceals cannot.

23B How a disputed backlog is treated

- 23.7** Where a student asserts that a backlog is erroneous, the Cell shall record the paper as **Disputed** on production of the proofs in clause 23.9, and the following shall apply.

Status of the result	What may be written on the CV
Result correct, backlog genuine	The CGPA of the semesters actually completed and passed, computed under clause 22.16, with the semester reference stated. The student shall not state a CGPA that includes a paper not passed as though it were passed
Result disputed, correction applied for and acknowledged	The last CGPA that the official record supports, with the semester reference stated. Example: 8.42 CGPA (Till Semester IV) where Semester V is under correction. The Cell shall record the dispute against the student's file
Result withheld or not declared	The last declared CGPA with its semester reference. The words "Result Awaited" may be used against the affected semester, if the student wishes
Correction granted, revised marksheet issued	The revised CGPA. Where this occurs between Cycles, Mid-Vetting under clause 5.10 is available to update the figure, and no other pointer
Correction refused, or the student reappears and passes	The CGPA as it stands after the reappearance, with the semester reference

23.8 A disputed backlog does not by itself render a student ineligible to register with the Cell or to be vetted. Eligibility for a particular company remains governed by that company's own criteria under clause 7.5 of the Placement Policy.

23C Proofs accepted for a disputed or erroneous result

23.9 A student asserting that a backlog or result entry is erroneous shall produce **at least one document from Group I and at least one from Group II**.

Group	Documents accepted
Group I Proof that a correction has been formally initiated	- The acknowledged application for re-evaluation or rechecking submitted to the University, together with the fee receipt or proof of payment - The acknowledged grievance or correction application submitted to the College Examination Branch, the Nodal Officer, or the Office of the Controller of Examinations, bearing a diary number, receipt stamp or acknowledgement email - An email from the College Examination Branch or the Nodal Officer confirming that the discrepancy has been taken up with the University - A letter from the College on its letterhead, signed and stamped, confirming that the student's case has been forwarded to the University for rectification
Group II Proof that the entry is factually wrong	- The admit card for the paper concerned, together with the examination attendance record or the invigilator's or Examination Branch's confirmation of the student's presence, where the student has been marked Absent - An email or letter from the Department or the Teacher-in-Charge confirming the internal assessment marks awarded, where the marksheet shows internals as missing or zero - The internal assessment record or award list of the Department for the paper concerned - The previous or subsequent semester marksheet in which the same paper stands passed, where the error is one of duplication or carry-forward - Any other document the Cell deems fit for the purpose

23.10 Conclusive proof. A **revised or corrected marksheet issued by the University**, or a written communication from the University confirming the correction, is conclusive and displaces the need for Groups I and II.

23.11 The following shall **not** be accepted as proof of a disputed backlog: a screenshot of the online result portal alone; a statement by the student alone; a WhatsApp message from any person; an unacknowledged application; or a certificate from a private coaching or tutoring institution.

**23D Duties of the student**

- 23.12** A student who claims a result is erroneous shall **initiate the correction process without delay**. Re-evaluation and rechecking applications carry short windows, often measured in weeks from the declaration of the result, and a fee per paper. A student who allows that window to lapse shall not thereafter plead the error as a ground for relaxation of any provision of these Guidelines.
- 23.13** A student shall **inform the Coordinator within seven days** of any change in the status of a disputed result, whether the correction is granted, refused, or the revised marksheet is issued.
- 23.14** Where a company requires a declaration as to backlogs, **the student shall answer that declaration truthfully and shall state the position as it stands on the official record**, and may additionally state that a correction is pending. The Cell shall not advise a student to answer otherwise, and shall not be responsible for the consequence of an untruthful declaration made by a student to a company.
- 23.15 Consequence of a false claim of dispute.** A student who represents a genuine backlog as a disputed one, or who produces a fabricated acknowledgement, shall attract clause 9.5 and clause 23.2 of the Placement Policy.

In plain terms

If your marksheet is wrong, the Cell will work with you. Tell your Coordinator, start the correction process immediately, and keep every acknowledgement. What you may not do is write a number on your CV that the University record does not yet support, and hope the correction arrives before anyone checks.

24 ENTRANCE EXAMINATIONS AND CUET**24A Total CUET Score**

- 24.1** Where a student mentions their total CUET score for a specific course with respect to a particular institute, the following shall be compulsorily mentioned: **name of the Course; name of the Institute, if different from the University of Delhi; and the year of result declaration**.
- 24.2** The total score shall be computed using the subject combination prescribed for that course by the institute, as set out in the CUET Information Bulletin released by the NTA for the relevant year. Where more than one combination is permitted, the **best score** across the permitted combinations shall be taken.
- 24.3** Where the score relates to a course or institution other than the University of Delhi, the student shall adhere to the guidelines published by that institute for that course.

24B Subject percentiles and ranks

- 24.4** The following applies to percentiles and ranks in individual subjects.

Permitted	Not permitted
A percentile or rank for individual subjects , provided the name of the subject or the number of subjects is mentioned	A total or average percentile for the examination as a whole, or for any combination of subjects
100 %ile in 5 subjects	98 %ile overall in CUET
100 %ile in 5/7 subjects	Average 96 %ile across CUET

- 24.5** Where a student writes a denominator smaller than the number of subjects actually appeared for, for example "100 %ile in 3/4 subjects" having sat for six, the student shall state the **course basis** on which that denominator was chosen.
- 24.6** A perfect score of 200/200 in a subject may be stated as **100 percentile**, provided the number of subjects is stated alongside.

24C DU Simulated Rank

- 24.7** A student may include their **University of Delhi Simulated Rank** for their **current course of study**. The CSAS reference number contains it.

**READING THE SIMULATED RANK FROM THE CSAS REFERENCE NUMBER**91790 - SVC - BEC - 14 - **740** - CSAS - 1 - 1 - 1 - FA

The highlighted field is the Simulated Rank. It is written on the CV as **CUET AIR 740 (DU)**, naming the course.

- 24.8 A Simulated Rank shall always carry the suffix "(DU)".** Writing it without the suffix implies an All India Rank the student does not hold.
- 24.9 Proof.** A PDF of the official CUET result published by the NTA. For the Simulated Rank, a PDF print of the webpage displaying it, or a screenshot or screen recording of the same, or the official reference number document.
- 24.10** Scores in other entrance examinations may be mentioned on the same principles: the examination shall be named in full, the year stated, and the score or rank stated as awarded by the conducting body, with the official scorecard as proof.

25 PROFESSIONAL QUALIFICATIONS

- 25.1 A Professional Course** is a course requiring association with a professional body whose members are subject to that body's code of conduct. Examples include Chartered Accountancy (ICAI), Company Secretary (ICSI), Cost and Management Accountancy (ICMAI), CFA (CFA Institute), Actuarial Science (IAI) and FRM (GARP).
- 25.2 Value-added courses offered by platforms such as Coursera, Udemy and edX are not Professional Courses.** They fall under clause 42.
- 25.3** The following shall be compulsorily mentioned: **the name of the professional body offering the course; the year or duration of the course or examination; and the level or group**, where the course has levels or groups.
- 25.4 The year in which the examination was conducted shall be treated as the year of completion. The year in which the result was declared shall not be used.**
- 25.5** Where marks are mentioned, **the maximum marks obtainable shall compulsorily be mentioned.**

Permitted	Not permitted
Cleared Group II of CA Intermediate (ICAI), scoring 350/400 Cleared Group II of CA Intermediate (ICAI), scoring 87.5%	CA Intermediate, 350 marks CA Intermediate (Cleared)

- 25.6** The following terminology may be used only in the circumstances stated.

Term	When permitted
Distinction	For the CA Foundation Examination (ICAI), where the overall percentage secured is 70% or above
Exemption	For an individual subject in the CA Intermediate Examination (ICAI), where the percentage secured in that subject is 60% or above
Cleared in First Attempt	For the CA Foundation or CA Intermediate Examination (ICAI), on production of a PDF print or screen recording of the Exam Payment History Portal on the ICAI website

- 25.7 Proof.** The following table applies.

Status	Proof
Qualified	A scanned or soft copy of the certificate or result slip stating the qualification
Appeared	A scanned or soft copy of the admit card evidencing presence at the examination
Pursuing	A scanned or soft copy of the enrolment letter, admission slip or fee receipt evidencing pursuit of the course

- 25.8** Where the result or grade of a particular level has been mentioned on the CV, a scanned copy of the **Result Slip is mandatory and sufficient** proof for that level.

- 25.9 Alternative proofs:** an email from the institution's official domain ID acknowledging the qualification and supporting any figure claimed; an official letter, signed and stamped; or the specific achievement appearing on the website of the umbrella organisation.

26 INTERSHIPS AND WORK EXPERIENCE

26A The Four-Week Rule

- 26.1** All organisational work shall be classified by duration.

Duration	Classified as	Section of the CV
Four weeks or more	Internship	Work Experience
Less than four weeks , or defined-deliverable project work	Live Project	Live Projects, clause 27

- 26.2** A week means seven calendar days. Where duration is counted in weeks, **four or more days worked in a week shall count as a complete week.**
- 26.3** A Live Project shall not be mentioned under the heading "Internships" or "Work Experience". A three-week engagement described as an internship is a misrepresentation, and recruiters do check.
- 26.4** Full-time internships may only be undertaken during the Summer Break period defined by the University of Delhi, subject to intimation by the Cell. An internship claimed as full-time during a teaching term shall be queried.

26B What shall be mentioned

- 26.5** The following shall be compulsorily mentioned: **the profile or role, exactly as stated in the proof; the name of the organisation; the duration; and the nature**, being part-time or full-time, and virtual or in-office, where relevant.
- 26.6** The heading shall follow the format **Company Name – Profile Name**, with the duration in bold square brackets, right aligned.

WORK EXPERIENCE ENTRY

XYZ Capital – Research Intern

[8 weeks, June – July 2026]

- o Built three-statement models for 5 listed FMCG companies
- o Drafted 4 sector notes circulated to the institutional desk

26C Duration

- 26.7 Completed internship.** The **date of joining and the date of completion** shall be mentioned. Alternatively, the duration may be stated in months, **provided** the number of days or weeks is stated adjacent to it, and provided that count is inclusive of the dates of joining and completion.

Acceptable	Not acceptable
XYZ Ltd. (1 June 2026 – 31 July 2026) XYZ Ltd. (8 weeks) (June 2026 – July 2026) XYZ Ltd. (62 days) (June 2026 – July 2026)	XYZ Ltd. (2 months) XYZ Ltd. (Summer 2026) XYZ Ltd. (2026)

- 26.8 Ongoing internship.** The duration shall be stated in the format **Date of Joining – Ongoing**. Example: 25 August 2026 – Ongoing.
- 26.9** An entry marked "Ongoing" shall be **re-confirmed at every Compulsory Cycle**. An unconfirmed "Ongoing" entry shall be treated as concluded and the student shall be asked to state an end date.

26D Role naming

- 26.10** The profile mentioned on the CV shall be the profile mentioned in the proof. A student shall not upgrade, shorten misleadingly, or reword a role title.

Permitted	Not permitted
Certificate says "Intern – Finance Department" CV may say: Intern – Finance Department CV may say: Intern	Finance Intern Financial Analyst Intern Analyst

26E Proof

26.11 The proof shall establish: **the name of the student; the profile or role; the duration; the nature, being part-time or full-time; the date of joining and completion; and every other detail presented on the CV.**

26.12 The student shall provide:

- an email from the **official domain email ID** of the organisation; **or**
- an official letter from the organisation, signed and stamped; **or**
- **both** of the following: a Certificate of Internship received from an official domain ID specifying the required details, **and** a signed offer letter together with the subsequent trail mail evidencing the work done in the organisation.

26.13 **An offer letter alone shall never be sufficient proof of an internship.** It establishes only that a role was offered.

26.14 **Letter of Recommendation.** To mention the receipt of an LOR, the student shall produce a document titled "Letter of Recommendation". To mention the designation of the person who issued it, the LOR shall explicitly state that designation.

26.15 **Pre-Placement Offer.** To mention a PPO on the CV, the student shall produce an email from the organisation's official domain ID, or a letter signed and stamped, stating the offer, the role and the date. Clause 16 of the Placement Policy applies in full to the duty to disclose a PPO.

26F Externships, virtual job simulations and shadowing

26.16 The following classifications apply.

Type	Where it belongs	Rule
Externship	May appear under "Work Experience" or "Internships and Work Experience"	The word " Extern " or " Externship " shall appear in the sub-header
Forage and other virtual job simulations	Never under Internships or Work Experience. It shall appear under "Courses", "Virtual Job Simulations", or a header the Cell deems fit	The name of the platform, being Forage or the equivalent, shall compulsorily be mentioned, irrespective of the header used
Job shadowing and observerships	Under "Other Experience" or Extra-Curricular Activities	Shall be labelled as shadowing or an observership, and not as an internship

Why clause 26.16 matters

A job simulation is a training exercise built by a platform using a company's brand. It is not employment by that company. Presenting it as an internship at that company is one of the fastest ways for a student to lose credibility in an interview.

26G Forage and other virtual job simulations, in detail

26.17 A **virtual job simulation** is a self-paced online programme in which a student completes tasks modelled on the work of an organisation, without any selection process, supervision, reporting line, deliverable submitted to that organisation, or engagement of any kind with it. Forage is the most common such platform. Others operate on the same model.

26.18 A virtual job simulation shall not, under any circumstances, be mentioned under the heading "Internships", "Work Experience", "Internships and Work Experience", or any heading of similar effect.

- 26.19** It may be mentioned only under the heading "**Courses**", "**Virtual Job Simulations**", "**Certifications**", or any other heading The Placement Cell deems fit.
- 26.20** The word "**Forage**", or the name of the platform on which the simulation was hosted, shall be compulsorily mentioned, irrespective of the heading under which it appears. Naming only the organisation whose brand appears on the certificate is a misrepresentation, because the organisation did not engage the student.
- 26.21** The following shall be compulsorily mentioned: **the name of the simulation as stated on the certificate; the name of the platform, being Forage or the equivalent; the name of the organisation whose programme it is; and the year.**

Not permitted	Permitted
XYZ Bank – Investment Banking Intern [2026] XYZ Bank – Virtual Intern [2026] Investment Banking Virtual Experience – XYZ Bank, listed under Work Experience XYZ Bank Job Simulation, with no platform named	VIRTUAL JOB SIMULATIONS Investment Banking Job Simulation – XYZ Bank, on Forage [2026] COURSES XYZ Bank Investment Banking Job Simulation (Forage, virtual) [2026]

- 26.22** No duration shall be claimed for a virtual job simulation in weeks or months, and it shall not be counted towards the four-week threshold in clause 26.1. A self-paced programme has no duration of engagement.
- 26.23** A virtual job simulation shall **not** be described using the words "Intern", "Internship", "Analyst", "Associate", "Trainee", or any designation implying a role held at the organisation.
- 26.24** No quantitative or outcome claim shall be attached to a virtual job simulation. There is no organisation to ratify it, and clause 12.4 applies.
- 26.25** **Proof:** the certificate of completion issued by the platform, stating the name of the student, the name of the simulation, the organisation and the date of completion; or the confirmation email received from the platform's official domain ID.
- 26.26** The same treatment applies to any equivalent programme, however it is branded, including a "virtual experience programme", a "job simulation", a "career readiness programme" or a "virtual internship" that carries no selection, no supervision and no engagement with the organisation named.

27 LIVE PROJECTS

- 27.1** The following shall be compulsorily mentioned: **the name of the organisation and the duration of the Live Project.**
- 27.2** **Completed Live Project.** The year of commencement and completion shall be mentioned. Alternatively, the duration may be stated in a month and year format, provided it is inclusive of the dates of commencement and completion.

XYZ Ltd. (2025 – 26) or XYZ Ltd. (Nov 2025 – Jan 2026)

- 27.3** **Ongoing Live Project.** The duration shall be stated as **Month and Year of Commencement – Ongoing**. Example: August 2026 – Ongoing.
- 27.4** The proof shall establish the name of the student, the profile or role if presented on the CV, the duration, and every other detail claimed. The student shall provide an email from the organisation's official domain ID; **or** an official letter, signed and stamped; **or both** of a Certificate of Completion received from an official domain ID and a signed work order together with the subsequent trail mail evidencing the work done.
- 27.5** A Live Project undertaken in the capacity of a **Position of Responsibility** or as part of a **Student Initiative** may be mentioned under Live Projects, provided it is vetted under the rules of **both** the respective section and this section, and provided the concerned organisation, society or initiative is compulsorily named.
- 27.6** **A student shall not describe themselves as an "Independent Consultant"** in place of a Live Project undertaken for an organisation, unless the organisation itself ratifies that description in accordance with clause 27.4.

28 FREELANCING

- 28.1 Freelancing** means offering professional services on a project basis outside the traditional employment model.
- 28.2** The **year or duration** of the engagement shall be compulsorily mentioned.
- 28.3 Proof**, any one of: an email from the client organisation's official domain ID; a trail mail from an official domain ID evidencing the work done; a screenshot or screen recording of the student's personal dashboard on a recognised freelancing portal evidencing the work done; or any other proof the Cell deems fit.
- 28.4 Work done in the capacity of a Position of Responsibility shall not be mentioned under Freelancing.** Designing posters for a college society is a contribution to that society, and belongs in the description of that Position of Responsibility.

29 PART-TIME WORK, TUTORING AND FAMILY BUSINESS

- 29.1** Part-time work, tutoring and paid or unpaid assistance in a business are distinct from internships and shall be labelled accordingly.
- 29.2** The following shall be compulsorily mentioned: **the name of the employer or institution; the role; the duration; and whether the engagement was paid or voluntary.**
- 29.3 Tutoring.** The subject and level taught shall be stated. The number of students taught is a quantitative claim and requires proof under clause 12.
- 29.4 Family business.** A student may mention a role in a family business, provided the proof establishes **the student's own defined role and period of engagement**, and not merely the existence or registration of the firm. Proof shall be a letter from the firm on its letterhead, signed and stamped by a person other than the student, setting out the student's role, or an official domain email to the same effect.
- 29.5** A student shall not describe themselves as a Partner, Director or Proprietor of a family business unless a legal document establishes that position.

30 START-UPS AND ENTREPRENEURIAL VENTURES

- 30.1** This clause applies without exception to **any heading containing the words "Entrepreneurship", "Entrepreneurial", "Start-Up", "Venture", "Founder", "Co-Founder"** or any similar term, subject to the discretion of the Cell.
- 30.2** The **name and the year or duration** of the venture shall be compulsorily mentioned.
- 30.3** A venture shall satisfy **all** of the following criteria.

Criterion	Requirement	Accepted proof
1. Registration and originality	The entity is original, and has not been formed by splitting up or reconstructing an existing business. Its period of existence and operations does not exceed 5 years from the date of incorporation	Certificate of Incorporation, Registration or Deed, or any other legal document stating ownership of the venture
2. Place of existence	The venture has a place from which it performs its operations	Rent agreement, property papers or any legal document proving the place of operations; or registration as a legal entity containing the place of operations; or , where the venture has no physical existence and is present online, proof of the website or mobile application. Only a custom domain closely resembling the venture's name shall be accepted. Domains hosted on platform subdomains such as github.io or vercel.app shall not be accepted

Criterion	Requirement	Accepted proof
3. Operations	The venture is operational and measurable in monetary terms. It generates revenue and incurs costs	Any one of: vouchers of revenue, being sale receipts or proof of sale; vouchers or bills incurred during operations; books of accounts prepared as per the Accounting Standards and verified by a Chartered Accountant in practice
4. Funding (optional)	Funding has actually been received for putting the idea or prototype into action	A contract, agreement or legal document evidencing the receipt of funds or grants from an investor, donor or organisation. Where unavailable, a bank statement or passbook together with the relevant legal documents such as equity or loan contracts. A document stating the expected receipt of funds is not proof of funding

30.4 Where the entity does not satisfy all the criteria in clause 30.3, it shall be treated as a Student Initiative under clause 31 and shall not be described as a start-up or venture.

30.5 The following shall **not** be accepted as proof under this clause: a certificate signed by the founder where the student is the founder, or any self-signed certificate; a visiting card of the person or entity; a social media post or page as proof of presence or place of business; or any other document deemed unfit by the Cell.

30.6 **A Facebook, Instagram or similar page is not a place of business.** Where a venture is present only online, proof of a mobile application or website on a custom domain is required. A social media presence alone renders the entity a Student Initiative.

30.7 Every quantitative figure under this head, including revenue, users, orders and growth, requires proof under clause 12.

31 STUDENT INITIATIVES AND SOCIAL INITIATIVES

31.1 Any entity of which the student is a founder, co-founder or founding team member, which is not classified as a venture under clause 30, shall be treated as a **Student Initiative**.

31.2 The proof shall establish: **the name of the student; the position held; the name of the organisation; the year or duration; and every other detail presented on the CV.**

31.3 **Proof of existence**, any one of:

- a rent agreement, property papers, or any legal document proving the place of operations;
- proof of registration as a legal entity containing the place of operations;
- where the initiative has no physical existence and is present online, proof of the website or mobile application. **Only a custom domain closely resembling the initiative's name shall be accepted; platform subdomains shall not;**
- credible and sustained activity and engagement on official social media pages, being LinkedIn, Instagram, YouTube or similar, in the absence of physical existence.

31.4 **Proof of operations.** The initiative shall have direct impact and shall carry out measurable activities such as drives, workshops or campaigns. Any one of:

- proof of engagement with an external organisation, in the form of an email or letter from the concerned authority of that organisation;
- proof of recognition from an external organisation, in the form of an email or letter, a mention of the initiative on that organisation's official website, or a mention of the initiative in a local newspaper;
- a Memorandum of Understanding with a social organisation;
- any other proof the Cell deems fit for the purpose.

31.5 **Facts stated on the initiative's own website or social media page are the student's own claims and are not proof.** Numerical figures under this head shall be verified with proof of work, such as screen recordings of social media analytics, a sales dashboard or portal, attendance records, or written confirmation from an external organisation.

32 RESEARCH PAPERS, PROJECTS AND PUBLICATIONS

32.1 This clause distinguishes five categories. The words are not interchangeable, and they carry very different weight with a recruiter.

32A Research Paper

32.2 The term "Research Paper" may be used only where the paper has been published in a journal carrying an ISSN (International Standard Serial Number), or as part of a publication carrying an ISBN (International Standard Book Number). Nothing else shall be described as a research paper.

32.3 An unpublished paper shall not be listed as a Research Paper. The following shall not be described as a research paper, and shall not be listed under a Research Papers heading, in any form:

- a manuscript that has been written but not submitted anywhere;
- a manuscript that has been submitted to a journal but not accepted;
- a manuscript that has been accepted but not yet published, unless an **acceptance letter from the publisher stating the ISSN or ISBN and the expected date of publication** is produced, in which case the pointer shall carry the words **"Accepted for publication"** and shall name the journal;
- a paper published in a journal or proceedings carrying no ISSN or ISBN;
- a paper uploaded by the student to a preprint server, repository, personal website, LinkedIn, ResearchGate or any similar platform;
- a paper presented at a conference where no proceedings carrying an ISSN or ISBN were published. Such work may be mentioned as a **conference presentation**, naming the conference, the organising body and the year;
- a term paper, dissertation or coursework submission, which falls under clause 32C.

32.4 Work that does not qualify as a Research Paper may still be mentioned, correctly labelled, as a **research article, editorial, publication, working paper, conference presentation** or **research project**, as the case may be, under the appropriate heading.

32.5 The following shall be compulsorily mentioned: **the name of the paper; the year or duration; and the complete name of the organisation or person under whom it was undertaken.**

32.6 **Proof**, any one of: a certificate mentioning all the details; an email from the head of the research programme or organisation from an official domain ID; an official letter, signed and stamped; a scanned copy of the research paper; a photocopy of the journal or other forum in which it was published; or a letter from the publishing company on its letterhead stating the name of the student along with the relevant details.

32.7 An article written for a college society and published in that society's magazine **is not a research paper**. It may be mentioned as a research article, editorial or publication.

32B Research Project

32.8 The following shall be compulsorily mentioned: **the name of the project; the year or duration; and the complete name of the organisation or person under whom it was undertaken.**

32.9 **Proof**, any one of: a certificate mentioning all necessary details; an email from the head of the research project or organisation from an official domain ID; an official letter, signed and stamped; a photocopy of the journal or forum of publication, or a letter from the publisher naming the student.

32.10 **Projects undertaken under a College professor**. Where a project has been undertaken under an SVC professor, the proof, whether an email from the professor's official College domain ID or an official letter, **shall explicitly classify the work as a "Research Project and not a Coursework Project"**. In the absence of such explicit classification, the work shall be treated as a Coursework Project.

32C Coursework Project

32.11 A Coursework Project is a project undertaken as part of the University curriculum for the course pursued by the student.

32.12 The following shall be compulsorily mentioned: **the name of the project; the year or duration; the name of the subject; and the complete name of the professor under whom it was undertaken.**

32.13 Proof, any one of: an email sent from the official College domain email ID of the professor under whom the project was pursued; the official syllabus or curriculum prescribed by the University of Delhi proving that the project fell within its purview; or any other proof the Cell deems fit.

32D Personal Project

32.14 A Personal Project is a project undertaken in a personal capacity without affiliation to any external organisation. The **year or duration** shall be compulsorily mentioned.

32.15 The "on" and "for" rule. Where a personal project has been carried out based on an organisation or company, the student shall explicitly mention that the project was carried out **"on"** the organisation, and not **"for"** the organisation.

Permitted	Not permitted
Equity Research Report on XYZ Ltd.	Equity Research Report for XYZ Ltd. Equity Research Report XYZ Ltd.

32.16 Any quantitative figure, factual information or outcome arising as an inference or conclusion of a personal project shall not be mentioned, as the Cell does not hold the right to ratify it. Clause 12.4 applies.

32.17 Proof, any one of: a screen recording of the **version history** of the document evidencing the student's work; or any other proof the Cell deems fit. Proof shall encompass sufficient evidence to establish ownership, credibility and authenticity of the project.

32.18 A project posted on LinkedIn, Instagram or any other social media platform is not proof of authorship. Additional proof, such as the version history of the relevant files, is required to determine ownership.

32E Other publications

32.19 Blogs, newsletters, society magazine pieces, opinion columns and similar work may be mentioned under a heading such as **"Publications"** or **"Writing"**, provided:

- the name of the publication is stated;
- where the work was self-published on a personal blog, Medium, LinkedIn or a similar platform, that fact is stated;
- the term **"published author"** is reserved for work carrying an ISBN or ISSN.

32.20 Readership, view and engagement figures are quantitative claims under clause 12 and require analytics evidence or written confirmation from the publication.

33 POSITIONS OF RESPONSIBILITY

33.1 Positions of Responsibility are subject to Qualitative Vetting in addition to Factual Vetting. No deviation from the approved wording shall be permitted.

33.2 The following shall be compulsorily mentioned: **the complete name of the organisation; the position held; and the duration, stating the month and year of commencement and of completion.**

33.3 A year-only duration shall not be accepted for a Position of Responsibility. The month and year are mandatory.

POSITION OF RESPONSIBILITY ENTRY

President (X Society – SVC)

[July 2025 – Present]

- o Your role and impact, one line, no full stop at the end

Position (Organisation or Society – Institution or School Name)

[July 2024 – June 2025]

- o Your role and impact, one line, no full stop at the end

**33A The four structural rules**

33.4 Rule 1. A society or organisation name shall not appear more than once. Where a student has held two positions in the same society, the entries shall be consolidated into one showing progression. Listing them separately inflates the section.

Incorrect	Correct
President (X Society – SVC) [July 2025 – Present] Advisory Committee (X Society – SVC) [July 2024 – June 2025]	President (X Society – SVC) [July 2025 – Present] o Key role, one line o Advisory Committee, July 2024 – June 2025

33.5 Rule 2. The duration specified shall match the position mentioned in the heading. Where a student became President in July 2025 having been a member since July 2024, the President entry shall run from July 2025. Earlier positions shall be mentioned within the description.

Incorrect	Correct
President (X Society – SVC) [July 2024 – Present]	President (X Society – SVC) [July 2025 – Present] or Member (X Society – SVC) [July 2024 – Present]

33.6 Rule 3. A position held during a society event shall not be mentioned separately as a Position of Responsibility. It shall be mentioned within the description of the Position of Responsibility held at the respective society. "Head, Sponsorship, Annual Fest 2026" is a line inside an entry, not an entry.

33.7 Rule 4. The name of a College society shall carry the suffix "SVC". For example, "Economics Association, SVC", and not "Economics Association".

33.8 Where a student mentions any activity, project or competition undertaken in the capacity of a Position of Responsibility, **the name of the organisation in which the position was held shall be mentioned.**

33.9 Other positions held during various years may be specified in the description. The durations illustrated above are for reference; every society may have its own structure according to which the duration is to be specified.

33B Proof for a position held in a College society or department

33.10 A tenure certificate is sufficient proof of the position itself. A certificate issued by the society, the department or the College, stating the **name of the student, the position held and the tenure with the month and year of commencement and of completion**, establishes the entry without anything further being required.

33.11 Where no tenure certificate has been issued, **any one** of the following shall be accepted in its place:

- an official letter or email from the society or the department, sent from a College email address or the society's official email ID, naming the student, the position and the tenure;
- an email from the Teacher-in-Charge or Convenor of the society confirming the same;
- a screenshot of the official poster released on the society's social media page or website, clearly specifying the name of the student and the position held;
- any other proof the Cell deems fit for the purpose.

33.12 A screenshot of the society's official WhatsApp group may be used to corroborate current membership. **A screenshot of the member group shall not be accepted as proof of a Postholder or Core Team Member position.**

33.13 Descriptive pointers. Where the student writes bullets describing what they did, and those bullets are not borne out by the tenure certificate, the society shall confirm the wording. This may be done in whichever of the following ways is easiest for the society:

- the pointers are printed on, or annexed to, the tenure certificate itself; **or**
- the office-bearer of the society mails the pointers for that student to pcell@svc.ac.in from a College email address or the society's official email ID; **or**
- the society sends one consolidated list of members and their approved pointers, using Template D.3.

33.14 The Teacher-in-Charge need not be copied as a matter of routine. The Cell shall seek confirmation from the Teacher-in-Charge only where a pointer is disputed, where the society is unreachable, or where the Cell otherwise considers it necessary.

33.15 Vetting of descriptive pointers remains qualitative. No deviation from the wording confirmed by the society shall be allowed. The onus of obtaining that confirmation lies on the student, and not on the society or on the Cell.

33.16 Societies are requested to issue tenure certificates, or to send consolidated pointer lists, **not less than three weeks before** a Compulsory Cycle closes. A student whose society has not done so shall not, on that ground, be granted an extension.

33C Proof for a position held in school

33.17 Any one of: a certificate issued by the school stating the position; a letter or email from the official domain ID of the school, the principal or another concerned authority, an official letter bearing the principal's signature and the official stamp; an official photograph or badge from the school on which the student's name is mentioned; or a bonafide issued by the school stating the name of the student, the position held and the academic session.

33D Proof for a position held in an external organisation or NGO

33.18 Any one of: a certificate stating the position; a letter or email from the organisation's official domain ID; an official letter bearing the concerned authority's signature and the official stamp; an official bonafide or letter from the head, or from the person to whom the student reported, mentioning the association with the organisation in whatever capacity; or any other proof the Cell deems fit.

33.19 Every quantitative figure under this head requires proof under clause 12. Where the figure is not stated in the certificate, an email or letter from the concerned authority verifying the information shall suffice.

33E Terminology

33.20 The following terms shall carry the meanings below, and a student shall use the term the society itself uses in its approved pointers.

Member	A student on the rolls of the society, without a designated post
Core Team Member	A student holding a defined functional responsibility within the society's core team, as recognised by the society
Postholder	A student holding a named office, such as President, Vice President, Secretary, Treasurer or Head of a department of the society

34 ACADEMIC ACHIEVEMENTS AND AWARDS

34.1 The following shall be compulsorily mentioned: **the year or duration, and the name of the organisation under which the achievement was made.**

34.2 Only achievements from Class IX onwards may be mentioned. Primary and middle school achievements shall not appear on the CV.

34.3 Only significant achievements shall be mentioned, at the student's own discretion. A crowded section reduces the value of everything in it.

34.4 This section shall be divided into two sub-heads.

Sub-head	What belongs here
Personal Awards and Achievements	Achievements where the certificate is in the student's own name , or where the student represented a team as the presenter
Team Awards and Achievements	Achievements where the student worked in a team and the certificate is not in the student's name . Written in the format: <i>As a member of [Team, Society or Project] – [Award] – [Organisation]</i>

34.5 All Team Awards and Achievements shall additionally be verified by the concerned Teacher-in-Charge.

34.6 Dates, being the years alone, shall be specified in **bold square brackets** following reverse chronological order.

ACADEMIC ACHIEVEMENTS ENTRY

PERSONAL AWARDS AND ACHIEVEMENTS

1st Position – Inter-College Case Competition – Economics Association, SVC [2026]

Gold Medal – National Commerce Olympiad – Commerce Teachers' Foundation [2025]

TEAM AWARDS AND ACHIEVEMENTS

As a member of Project Khulad, Connecting Dreams Foundation – Finalist, Impact Conclave 2025 [2025]

34.7 **Proof**, any one of: a scanned copy of the certificate clearly stating the name of the student and the position or marks obtained; an email from an official domain ID that incontrovertibly states the achievement; an official letter from the institution acknowledging the same, bearing the concerned authority's signature and the official stamp; or the name of the student in the list of awardees, or an official photograph with the medal or trophy, for the specific achievement on the official web page, verified social media handle or magazine of the organisation which extended the award.

34.8 **Medals, trophies and badges** shall be accepted as required proof only where they carry the student's name along with the requisite particulars as mentioned on the CV, and shall be treated as Tier 3 proof under clause 13.1.

35 SCHOLARSHIPS

35.1 The following shall be compulsorily mentioned: **the year or duration, and the nature of the scholarship, being monetary or in kind**. Where monetary, the amount shall be stated.

35.2 **Proof**, any one of: the scholarship certificate or letter; an email from the official domain ID of the institution stating that the scholarship has been awarded, with the name of the student, the amount and other relevant details; an official letter on the letterhead of the institution with the signature and stamp of the concerned authority; or a bonafide from the concerned institution stating that the student received the scholarship.

35.3 Where the above documents are irretrievable, a combination of **two or more** of the following shall be required, **at least one of which shall state the amount**: a copy of the bank statement or passbook showing the amount credited by the organisation; a mention of the specific scholarship awarded to the student on the website of the umbrella organisation or institution; or a mention of the specific scholarship awarded to the student in a national or local newspaper.

36 COMPETITIONS, CASE COMPETITIONS, MUNs AND HACKATHONS

36A General

36.1 The following shall be compulsorily mentioned for every competition: **the name of the competition or event; the name of the organising body; the position held; and the year or duration**.

36.2 Where the student participated as a representative of an organisation, **the complete name of that organisation shall be compulsorily mentioned**.

36.3 **Proof**, any one of: a scanned or soft copy of the certificate of participation or achievement specifying the name of the student, the position, the competition, the year and the organising body; a letter or email from the organising body's official domain ID stating the same; or the declaration of results on the organising body's official social media handle, **provided the team's name, the participants' names and the position secured are explicitly mentioned in the post**. In the absence of any such relevant information, an email from the organisation's official domain ID acknowledging the same shall be required.

36.4 Where only one team member has received the certificate, the other members may verify their participation by procuring a letter or mail from the official email address of the organising body, or any other proof the Cell deems fit.

36.5 A school or college society shall not ratify an event won or participated in outside that school or society. It may ratify only that the student **represented** it in that event. A letter explicitly mentioning that the student represented the school or society for that particular competition, bearing the Principal's or Teacher-in-Charge's signature and the official stamp, shall be sufficient proof of representation alone.

36B Case competitions

36.6 A campus round is not a national round. The term "**National Finalist**", or any equivalent, may be used only where the student competed at the national stage of the competition. Where a student cleared only a campus or regional round, that fact shall be stated.

36.7 Any claim in the form "Top N of X teams" requires **written confirmation of the participant count** from the organising body, under clause 12.

36.8 The names of knowledge partners, sponsors and associate brands shall not be attached to the name of the competition. Only the organising body may be named.

Not permitted	Permitted
National Finalist – [Brand] Case Challenge, where the brand was a sponsor	Campus Round Winner – ABC Case Challenge – ABC Society, XYZ College [2026]
Top 10 of 5,000 teams, without the organiser's confirmation of that figure	National Finalist – ABC Case Challenge – ABC Society [2026]

36C Model United Nations

36.9 For an MUN, the following shall be compulsorily mentioned: **the name of the conference; the committee; the portfolio or country represented; the award, if any; the organising body; and the year.**

36.10 An award such as **Best Delegate, High Commendation, Special Mention or Verbal Mention** requires the organiser's result declaration or certificate under clause 36.3.

36.11 A role on the Executive Board, Secretariat or Organising Committee of an MUN is a Position of Responsibility, not an award, and belongs under clause 33.

36.12 Where an MUN was held at school level, or was an intra-school or intra-college conference, that fact shall be stated.

MODEL UNITED NATIONS ENTRY	
Best Delegate – UNSC – representing France – ABC MUN, XYZ College	[2025]

36D Hackathons and technical competitions

36.13 The following shall be compulsorily mentioned: **the name of the hackathon; the organising body; the position or stage reached; the year; and the team size**, where a team entry.

36.14 Participant and team counts are quantitative claims under clause 12. A leaderboard screenshot alone is Tier 3 proof and shall be supported by the organiser's declaration or certificate.

37 EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES

37.1 This head includes all activities in which a student participates that lie outside the realm of the regular academic curriculum, including art, music, dance, theatre, debating, extempore, quizzing, photography, film-making, fashion design, sculpture, animation, writing and editing, social activism and environment clubs.

37.2 The following shall be compulsorily mentioned: **the name of the organisation; the name of the competition, event or course; the position held, in the case of a competition; and the year or duration.**

37.3 The proof requirements in clause 36.3 apply.

37.4 Only significant activities shall be mentioned, briefly. This section may also be used for articulating an interest or hobby.

38 SUMMER SCHOOLS AND INTERNATIONAL PROGRAMMES

- 38.1 Where a student has been admitted into and has **attended** a summer school or an international programme, the following shall be compulsorily mentioned: **the name of the programme; the name of the institution offering it; the year or duration; and the mode, being on-campus or virtual.**
- 38.2 **Mere selection, admission or receipt of an offer is not attendance.** A programme may be mentioned only where the student actually attended or completed it. An admission not taken up may not be listed as a credential.
- 38.3 Where the programme was conducted online, **the word "virtual" shall be stated.** A programme run online by a foreign university is not international exposure in the sense of clause 39.
- 38.4 Where admission was competitive, any claim as to selectivity is a quantitative claim under clause 12 and requires the institution's written confirmation.
- 38.5 A scholarship, fee waiver or funding received in connection with the programme shall be proved separately under clause 35.
- 38.6 **Proof**, any one of: a scanned or soft copy of the Letter of Acceptance or Letter of Appreciation from the institution, bearing the concerned authority's signature and the official stamp; a Certificate of Completion or Certificate of Participation issued by the institution; or an email received from the official domain ID of the institution acknowledging the participation of the student in the said programme.

39 INTERNATIONAL REPRESENTATION

- 39.1 This head is narrow, and deliberately so. **Only competitions, and not events or programmes, shall come within the purview of International Representation**, and only where:
- the competition entails participation from around the world; **and**
 - it involves the direct participation of the student in the capacity of **representing their country** at the international level; **or**
 - the Cell deems the achievement fit on other grounds.
- 39.2 The following shall be compulsorily mentioned: **the name of the international competition; the name of the organising body; the year or duration; and the position held, if any.**
- 39.3 The following shall **not** amount to International Representation:

Not International Representation	Reason
Organising a competition on an international scale	Organising is not representing
Mere selection, admission or receipt of an offer for an international programme, competition or conference	Until participation has actually taken place, there is no representation
An online conference with international attendees	No representative capacity
A programme conducted in India by a foreign body	No international participation by the student

- 39.4 **A student shall provide proof of engagement with a foreign individual, institution or country as a counterparty to the student's own role or work.**
- 39.5 **Proof**, any one of: an email from the official domain ID of the institution providing the requisite proof of the student's participation or achievement; an official letter from the institution, bearing the concerned authority's signature and the official stamp; or any other proof the Cell deems fit.
- 39.6 Where a candidate is unable to furnish any of the above proofs as to the validity of the representation, they shall provide **proof of participation and of winning or qualifying at the regional, domestic or national level, combined with proof of participation at the international level in the same session.**

40 SPORTS, NCC AND NSS

40A Sports

- 40.1 The following shall be compulsorily mentioned: **the sport; the level of representation, being school, college, district, state, national or international; the recognising federation, association or body; the position, if any; and the year.**
- 40.2 **An inter-college fixture is not state representation.** A student may claim representation at a level only where the body governing that level selected the student.
- 40.3 A claim of representing a state, a district or the country requires written confirmation from the **concerned association or federation**, and not from a school or college, in accordance with clause 15.
- 40.4 **Proof**, any one of: the certificate issued by the organising or governing body naming the student, the event, the level and the year; a letter or email from the association's official domain ID; or the student's name in the official selection list or result published by the association.

40B NCC

- 40.5 The following shall be compulsorily mentioned: **the wing, being Army, Navy or Air; the certificate grade held, being A, B or C; the rank held, if any; and the year.** Camps attended may be listed, naming each camp.
- 40.6 **Proof:** the NCC certificate, the camp certificate, or a letter from the Associate NCC Officer or the unit on official letterhead, signed and stamped.

40C NSS and equivalent

- 40.7 The following shall be compulsorily mentioned: **the unit; the year or duration; and the activity undertaken.** Hours served and camps attended may be stated where the unit confirms them in writing.
- 40.8 **Proof:** a certificate from the NSS unit, or a letter or email from the Programme Officer, signed and stamped where a letter.

41 VOLUNTEERING AND SOCIAL SERVICE

- 41.1 All social or voluntary activities, such as the execution of food drives, blood donation camps and involvement with NGOs, may be mentioned under this head.
- 41.2 **An internship with an NGO shall not be mentioned under this head.** It shall be mentioned under Work Experience.
- 41.3 The following shall be compulsorily mentioned: **the name of the organisation; the nature of the activity; and the year or duration.**
- 41.4 **Proof:** a scanned or digital copy of the Letter of Recommendation, Letter of Appreciation or any other certificate acknowledging the association of the student. Where no document exists, a letter or email from the organisation's official domain ID confirming the association shall be required. **An unproved volunteering entry shall be removed.**

42 ADD-ON COURSES AND CERTIFICATIONS

- 42.1 Add-On Courses may be placed under **either** Work Experience **or** Extra-Curricular Activities, at the student's own discretion, depending on how valuable the student considers them to their CV.
- 42.2 The following shall be compulsorily mentioned in every case:
- the **name of the certification or course**;
 - the **name of the organisation or platform** providing it, such as Coursera, Udemy or edX. **Naming the platform is mandatory**;
 - the **year or duration**;
 - whether the course is **virtual**. The words **"virtual course"** shall be mentioned where the course has been completed online.
- 42.3 Where a course is offered by a platform in association with a university, and the certificate names both, **both shall be named.**

- 42.4 Where the course was completed as an extra-curricular activity, the **level** shall also be stated where applicable. For example, a Diploma in Kathak from XYZ Institute.
- 42.5 **Courses being pursued** may be mentioned only where **all** of the following are satisfied:
- the student is eligible to receive the certificate within a specified period;
 - the student has completed **at least 75%** of the course; and
 - no more than **two** such pursued courses are mentioned on the CV.
- 42.6 **Proof of a completed course:** a scanned or digital copy of the Certificate of Completion clearly stating the name of the student, the date of issuance and the stamp of the issuing institution or the signature of the concerned authority; and the result or marksheet, where issued.
- 42.7 **Proof of a pursued course,** any one of: proof of registration for the course; proof of payment for that course; or proof of the duration of the course and the expected date of completion or certification.
- 42.8 **Alternative proofs:** an official letter from the organisation, signed and stamped; an email from the organisation's official domain ID; a mention of the qualification on the website of the umbrella organisation or institution; an e-certificate mailed from the organisation's official domain ID with all relevant details; or any other proof the Cell deems fit.

43 SKILLS, LANGUAGES AND INTERESTS

- 43.1 Three categories may be mentioned: **technical skills**, such as Python, R, SQL, Tableau, Power BI, Advanced Excel, web development, machine learning and graphic design, naming the relevant software or language; **personal or soft skills**; and **interests**.
- 43.2 **Every technical skill mentioned shall be supported by proof at the time of vetting.** A certificate is **one** acceptable form of proof and is not the only one. The Cell recognises that a skill is often acquired on the job or self-taught, and that in such a case no certificate exists.
- 43.3 **Any one** of the following shall be accepted as proof of a technical skill:

Route	What is accepted
1. Certification	A certificate of completion from a course, platform or institution naming the student and the tool or language
2. Applied at an internship, live project, freelancing engagement or Position of Responsibility	The proof already furnished for that entry, where it names the tool or language; or an email from the organisation's official domain ID, or a letter signed and stamped, confirming that the student used that tool in the course of the work. Template D.2 may be used for this purpose
3. Demonstrable work	A repository, notebook, dashboard, model, visualisation, script or deployed application authored by the student, evidenced by a screen recording of the version or commit history, or by any other record establishing authorship over time
4. Academic record	A University marksheet, the prescribed syllabus, or a professor's confirmation showing that the tool or language formed part of a paper studied or a project completed
5. Assessment by the Cell	Where none of the above is available, the student may request assessment. The Cell may set a short practical task or a viva on the claimed skill, and satisfactory performance shall be recorded as proof for that Cycle

- 43.4 **A self-taught skill is fully acceptable.** What is required is evidence of the work, not evidence of a purchase. A student who learnt Python without ever taking a course may prove it under route 3 or route 5.
- 43.5 Where a student states a **level** of proficiency, such as Advanced or Proficient, the level shall be one the student can defend. Where no level is stated, the Cell reads the claim as working familiarity.
- 43.6 A student shall not list a tool used once or twice. A listed skill is an invitation to be tested on it in an interview, and clause 45.3 permits the Cell to verify it.

- 43.7** A technical skill for which no proof under clause 43.3 can be produced shall be removed from the Skills line. It may instead be mentioned under **Interests**, which carries no proof requirement, provided it is not presented as a competency.
- 43.8 Languages.** A proficiency level shall be stated only where it has been **certified**, and the certification shall be named. For example, JLPT N3, DELF B2, or CEFR B1. An uncertified claim of fluency or proficiency shall not be stated as a skill and may instead be mentioned under Interests.
- 43.9** Personal skills and interests do not require proof but shall be specific. Words such as "hardworking" and "team player" convey nothing and fall foul of clause 19.5.

44 TRADING, INVESTING AND PERSONAL PORTFOLIOS

- 44.1** A student may mention an interest in trading, investing or portfolio management under Interests, or as a Personal Project under clause 32D where a written output exists.
- 44.2** **No return, profit, growth rate, portfolio size or performance figure relating to a personal trading or investment account shall be mentioned on the CV.** Such a figure cannot be independently verified or audited by the Cell, and clause 12.4 applies to it.
- 44.3** Where a student managed money for a third party in a documented professional capacity, that engagement shall be treated under clause 26, 27 or 28 as applicable, and shall be proved accordingly.
- 44.4** Participation in a simulated trading competition may be mentioned under clause 36, naming the competition and the organising body, with the organiser's result declaration as proof.

PART VI · COMPLIANCE

45 CONTRAVENTIONS AND CONSEQUENCES

- 45.1** The list below is **illustrative and not exhaustive**. The Cell reserves the right to define additional contraventions and consequences as and when deemed necessary, and to notify the same.
- 45.2** Consequences under this clause are in addition to, and not in substitution of, any strike, debarment or blacklisting arising under clauses 22 and 23 of the Placement Policy 2026-27 and its Annexures C and D.

#	Contravention	Consequence
1	Submission after the deadline of a Vetting Cycle	Not vetted in that Cycle. De-registration where the Cycle was a Compulsory one
2	Proof File not arranged in the order of the CV	Returned for rearrangement, and verification is delayed accordingly
3	CV that is not a text-selectable PDF, or is incorrectly named	Returned unvetted
4	CV that departs from the prescribed format	Clause 17.4 applies: acceptance at the Cell's discretion, direction to remake, or rejection
5	Repeated failure to respond to a discrepancy communication within the stated deadline	CV not stamped in that Cycle
6	Failure to get the CV vetted in a Compulsory Cycle	Automatic de-registration for the session, clause 5.4
7	Non-disclosure of a backlog, ER, withheld result or pending correction under clause 23.5	Treated as misleading information under clause 21.3 of the Placement Policy
8	Using a CV other than the Final Stamped CV, or editing the Final Stamped CV without the knowledge of the Cell	Blacklisting for two months, extending to permanent blacklisting in aggravated cases

#	Contravention	Consequence
9	Furnishing false, fabricated, forged or misrepresentative information or proof to the Cell or to a company	Permanent blacklisting, in addition to disqualification, and referral for disciplinary action
10	Misbehaviour, canvassing or any attempt to influence a Coordinator or a member of the Cell during vetting	Blacklisting from the placement process, clause 19.6 and 19.7 of the Placement Policy
11	Representing a genuine backlog as a disputed one, or producing a fabricated acknowledgement	Clause 9.5 and clause 23.2 of the Placement Policy
12	Any act inconsistent with generally acceptable demeanour in connection with vetting	Action as the Cell deems fit, extending to permanent de-registration

- 45.3 Random audit.** The Cell may, at its discretion, verify any stamped CV directly with the organisation named on it, at any time during the session. Students consent to such verification by submitting a CV for vetting.
- 45.4 Undertaking.** Every student shall, at the time of submission, furnish a declaration in the terms of Template D.6, confirming that the information is true, that the student understands the consequences of misrepresentation, and that the student consents to verification under clause 45.3.

46 GENERAL PROVISIONS

- 46.1 Matters not expressly provided for.** Any matter arising in connection with CV vetting which is not expressly provided for shall be decided by the Cell, and such decision shall be final and binding. The absence of a provision shall not be construed as a permission, a liberty or a defence.
- 46.2 Power to amend.** The Cell reserves the discretion to amend, repeal, supplement or suspend all or any of these Guidelines, and to introduce provisions in respect of matters not presently addressed, at any time. Any such change shall take effect from the date on which it is notified.
- 46.3 Relaxation.** The Cell may, in an appropriate case and for reasons to be recorded, relax the operation of any provision. Such relaxation shall not constitute a precedent and shall not confer any right on any other student.
- 46.4 Reasonable accommodation.** A student with a disability, or a student facing a documented medical or personal exigency, may write to the Cell in advance seeking accommodation as to the mode, format or timeline of submission. The Cell shall consider every such request sympathetically and on its own facts.
- 46.5 Appeal.** A student aggrieved by a vetting decision may seek a single review by writing to pcell@svc.ac.in, keeping the Coordinator in copy, within **three days** of the decision. The review shall be conducted by two members of the Cell other than the assigned Coordinator, and the decision on review shall be final.
- 46.6 Confidentiality and retention of proofs.** A Proof File contains marksheets, letters and, in some cases, financial records. Access shall be restricted to the assigned Coordinator and to the office-bearers of the Cell responsible for vetting. Proof Files shall be used solely for vetting, shall not be shared with any company or third party, and shall be deleted at the close of the session.
- 46.7 Severability.** If any provision of these Guidelines is found to be inoperative for any reason, the remaining provisions shall continue in full force and effect.
- 46.8 Precedence.** Where these Guidelines and the Placement Policy 2026-27 deal with the same matter, the Placement Policy prevails.
- 46.9 In case of any dispute, the decision of The Placement Cell shall be final and binding.**

ANNEXURE A · PRE-SUBMISSION CHECKLIST

Run this before uploading. Most discrepancies are caught here, and every one caught here is a day saved.

Format

- ☐ Exactly one page
- ☐ Text-selectable PDF, under 10 MB
- ☐ Named FullName_CollegeRollNumber_Variant, for example Ananya_Sharma_0992083_A
- ☐ Prescribed CV format used, clause 17
- ☐ Name in capitals at size 18, education table at size 8, all other text between 9 and 11
- ☐ Margins at least 0.5 inch, no text below size 8
- ☐ Reverse chronological order in every section
- ☐ Dates right-aligned, in bold square brackets, one consistent format throughout
- ☐ No full stop at the end of any bullet
- ☐ Hyphen used only between connecting words, en dash used everywhere else
- ☐ No hyperlink other than LinkedIn, with display text reading exactly LinkedIn
- ☐ Spell check run

Prohibited content removed

- ☐ No photograph, date of birth, caste, religion, father's name, marital status, signature or complete postal address
- ☐ No personal pronouns anywhere
- ☐ Only one phone number and one email address

Every pointer

- ☐ Course written exactly as the University record has it, with (Hons.) in the correct form, and the College written in full
- ☐ Year column carries a year, never the word "Pursuing"
- ☐ No more than two CV variants, A and B
- ☐ Every organisation name is complete and correctly spelt
- ☐ Every duration carries the date format required for its section
- ☐ Every College society name carries the SVC suffix
- ☐ Every role title matches the proof word for word
- ☐ **Every number on the CV has a document proving it**
- ☐ No figure drawn from the student's own analysis or conclusion
- ☐ No verb that upgrades what the proof states
- ☐ No achievement appears under two headings
- ☐ No two full-time engagements overlap in dates

Classification

- ☐ Everything under four weeks sits under Live Projects, not Work Experience
- ☐ Virtual job simulations are not under Work Experience, the word Forage or the platform name appears, and no duration or "Intern" title is claimed
- ☐ No society name appears twice under Positions of Responsibility
- ☐ Every Position of Responsibility duration matches the position in its heading
- ☐ No event role is listed as a separate Position of Responsibility
- ☐ Awards are split into Personal and Team
- ☐ Only ISSN or ISBN publications are called Research Papers

- ❑ Personal projects say "on" a company, never "for"
- ❑ Board examinations are named as AISSE, AISSCE, ICSE, ISC or as the Board names them

Proof File

- ❑ Single PDF under 25 MB, named FullName_CollegeRollNumber_Proofs
- ❑ **Proofs in exact CV order, top to bottom: College marksheet first, bottom-most CV pointer last**
- ❑ Reverse chronological within each section, mirroring the CV
- ❑ Every verification email is from a non-public domain, or the public address has been established as official under clause 14.3
- ❑ Original emails forwarded, not only screenshotted
- ❑ Every letter carries both a signature and an official stamp
- ❑ No self-signed certificate, visiting card or social media page used as primary proof
- ❑ Backlog, ER or pending correction disclosed to the Coordinator under clause 23.5
- ❑ Undertaking under Template D.6 signed and attached

ANNEXURE B · BOARD NOMENCLATURE AND COMPUTATION

This Annexure consolidates clause 22 for quick reference. Where this Annexure and clause 22 differ, clause 22 prevails.

B.1 How to name the course

Write it as	Do not write
B.Com. (Hons.) B.Com. (Prog.)	BCH, B.Com Hons, Bcom(H), B.Com Pass
B.A. (Hons.) Economics, English, History, Political Science, Sanskrit, Sociology, Hindi	BA Eco, Eco Hons, Pol Sc Hons, Economics (H)
B.A. (Prog.), naming both disciplines	B.A. Programme, BA Prog, B.A. Pass
B.Sc. (Hons.) Biochemistry, Botany, Chemistry, Electronics, Mathematics, Physics, Statistics, Zoology	BSc Physics, Physics (H), B.Sc Hons Chem
B.Sc. (Hons.) Biological Sciences	BSc Bio, Life Sciences Hons
B.Sc. (Prog.) Life Science, Physical Science	BSc Prog, B.Sc. General, BSc Pass
Sri Venkateswara College, University of Delhi	SVC standing alone, Venky, Venkateswara College, DU

Fourth-year students write (Hons.) or (Hons. with Research), the latter only where the University record states the research track. **The Year column always carries a year and never the word "Pursuing"**: third year in 2026-27 writes 2027/28, fourth year writes 2026/27. Generic Electives, Discipline Specific Electives and Minors do not form part of the course name.

B.2 How to name the examination

Board	Class X, write it as	Class XII, write it as
Central Board of Secondary Education	AISSE (CBSE)	AISSE (CBSE)
Council for the Indian School Certificate Examinations	ICSE (CISCE)	ISC (CISCE)
National Institute of Open Schooling	Secondary Examination (NIOS)	Senior Secondary Examination (NIOS)
Maharashtra State Board	SSC (Maharashtra State Board)	HSC (Maharashtra State Board)
Any other State Board	The examination as the Board names it, with the Board named in full at least once	The examination as the Board names it, with the Board named in full at least once
Cambridge Assessment International Education	IGCSE (Cambridge)	A Levels (Cambridge) , stating the number of subjects
International Baccalaureate	IB MYP	IBDP , stating the score out of 45

The name of the school and the city are compulsory in every case. The Year of Passing is compulsory in every case.

B.3 How to compute the percentage

Board	Class X	Class XII
CBSE , and any board using CGPA	Percentage = $\text{CGPA} \times 9.5$. Where marks are issued instead, the average of the best 5 subjects	English (Core or Elective) and the best 4 academic or elective subjects
CISCE	Average of the best 5 subjects, English compulsorily included	English (Language and Literature) and the best 3 of 4 academic or elective subjects

Board	Class X	Class XII
All other Indian boards	English and the best 4 academic or elective subjects	English and the best 4 academic or elective subjects
Cambridge	Grades as awarded	Grades as awarded, with the number of subjects
IB	Grades as awarded	Score out of 45, as awarded

Subjects are chosen by highest marks obtained. "Best of Four" as used in DU admissions shall not be used. Additional and vocational subjects outside the academic or elective list are not counted. Absolute marks may be stated alongside the percentage, for example 91.4% [457/500].

B.4 University result

Formula	$\text{CGPA} = \text{Total Credit Points across all semesters} \div \text{Total Credits across all semesters}$
Rounding	Two decimal places. 8.167 becomes 8.17. 9.476 becomes 9.48, never 9.5
Never	Do not average SGPA's. Do not substitute SGPA for CGPA
Always	Suffix the term CGPA, and state the semester reference in brackets

ANNEXURE C · PROOF QUICK REFERENCE

CV Section	Minimum acceptable proof
University result	Latest semester marksheet showing all previous semesters
Class XII and Class X	Original marksheet or DigiLocker marksheet
Board examination rank	Publication by the media house cited, or Board confirmation. Not the school
Disputed backlog or ER	One Group I document and one Group II document under clause 23.9, or a revised marksheet
CUET score or percentile	Official NTA result PDF
DU Simulated Rank	Screenshot or PDF of the webpage, or the CSAS reference number document
Professional course	Certificate or result slip. Result slip is mandatory where marks or rank are claimed
Internship	Official domain email, or signed and stamped letter, or certificate together with offer letter and trail mail
Live Project	Official domain email, or signed and stamped letter, or completion certificate together with work order and trail mail
Freelancing	Client email from an official domain, trail mail, or platform dashboard recording
Part-time work or family business	Letter or official domain email stating the student's own role and period
Start-up or venture	Incorporation or registration document, place-of-operations proof, and revenue or cost vouchers
Student Initiative	Existence proof together with operations proof, being external engagement, recognition or an MoU
Research Paper	Journal with ISSN or publication with ISBN, together with the paper or a publisher letter
Research Project	Certificate, or the head's official domain email explicitly classifying it as a Research Project
Coursework Project	Professor's official College domain email, or the DU syllabus
Personal Project	Screen recording of the version history of the working file
Position of Responsibility, College	Tenure certificate from the society, department or College. Descriptive pointers additionally confirmed by the society
Position of Responsibility, school	Certificate, bonafide, or signed and stamped letter from the school
Position of Responsibility, external	Certificate, official domain email, or signed and stamped letter
Personal award	Certificate in the student's name, official letter, or the student's name in the official awardee list
Team award	Organiser proof together with Teacher-in-Charge verification
Scholarship	Scholarship certificate or letter, or official domain email stating the name and amount
Competition, MUN, hackathon	Certificate, organiser email, or a result declaration naming the student and the position
Summer school or international programme	Letter of acceptance together with a completion or participation certificate, or an official domain email confirming attendance
International Representation	Institution's official domain email or signed and stamped letter, together with counterparty evidence
Sports	Certificate or selection list of the governing association, not the school
NCC and NSS	Certificate, or a letter from the ANO or Programme Officer
Volunteering	Certificate, LOR, letter of appreciation, or official domain email

CV Section	Minimum acceptable proof
Add-on course	Certificate of completion naming the student, dated and stamped, with the platform named
Technical skill	Any one of: certificate; organisational confirmation that the tool was used at work; authored work with version history; academic record; or assessment by the Cell
Language proficiency	The named certification, for example JLPT, DELF or CEFR
Any number, anywhere	A document or written confirmation stating that number

ANNEXURE D · LETTER AND EMAIL TEMPLATES

Send these early. Organisations and examination branches take time to respond, and a Cycle deadline will not be extended because a reply was slow.

D.1 Internship or Live Project verification

Subject: Internship Verification Request – [Full Name] – [Role] – [Month Year]

Dear [Name / Sir / Ma'am],

I interned with [Organisation] as [exact role as stated in my certificate] from [start date] to [end date]. My college placement cell requires written verification of this engagement as part of its CV verification process.

Could you kindly reply to this mail **from your official organisational email address**, confirming the following:

1. Full name of the intern
2. Profile or role held
3. Date of joining and date of completion
4. Nature of the internship, being full-time or part-time, and in-office or virtual
5. [Any specific figure cited on the CV, for example: that the campaign generated 320 registrations]

A brief confirmation in the body of the email is sufficient. I would be grateful to receive this by [date].

Thank you for your time.

[Full Name] | [Course], Sri Venkateswara College, University of Delhi

D.2 Confirmation of a quantitative claim

Subject: Confirmation of Project Details – [Full Name] – [Month Year]

Dear [Name],

Further to my association with [Organisation] as [role] between [dates], my college placement cell requires written confirmation of the following details before they may appear on my CV:

- [Figure 1, for example: the team I coordinated comprised 12 members]
- [Figure 2, for example: the drive covered 4 districts and reached 1,500 beneficiaries]

Kindly confirm or correct these from your official email address. If any figure is inaccurate, I will amend my CV to what you confirm.

Thank you.

[Full Name] | [Course], Sri Venkateswara College, University of Delhi

D.3 Society confirmation of Positions of Responsibility, to be sent by the society

This is needed only where a student writes descriptive pointers that the tenure certificate does not cover. Where a tenure certificate has been issued and the CV states only the position and the tenure, clause 33.10 applies and nothing further is required.

To: pcell@svc.ac.in **From:** a College email address or the society's official email ID

Subject: PoR Confirmation – [Society Name], SVC – [Cycle Name]

To The Placement Cell, SVC

The following members held Positions of Responsibility at [Society Name], SVC, during the tenures stated below. The contribution pointers listed against each name are confirmed by the society, and no deviation from this wording is permitted on any CV.

Name	Roll No.	Position	Tenure (Month Year to Month Year)	Approved Pointers

[Name], [Position], [Society Name], SVC

D.4 CV updation or Mid-Vetting request

Subject: CV Updation Request – [Full Name] – [Roll Number]

Name:

Course:

Roll Number:

Placement Cell Registration Code:

Assigned Coordinator:

Cycle: [Optional Vetting / Mid-Vetting]

Ground for Mid-Vetting, where applicable: [clause 5.10 case relied upon]

Changes made, under their specific headers:

- 1.
- 2.

Attached: (1) Updated CV in PDF, (2) Proof for the changes only

D.5 Disclosure of a backlog, ER or disputed result, clause 23.5

Subject: Disclosure of Result Status – [Full Name] – [Roll Number]

To The Placement Cell, SVC

Attention: [Assigned Coordinator]

I wish to disclose the following in respect of my University result, in accordance with clause 23.5 of the CV Vetting Guidelines 2026-27.

Semester and paper affected:

Entry appearing on the marksheet: [ER / Absent / F / Result Withheld / Internals missing]

Whether I consider the entry to be erroneous: [Yes / No]

If yes, the correction process initiated: [Re-evaluation / Rechecking / Grievance to the College Examination Branch / Application to the Nodal Officer]

Date of application and acknowledgement or diary number:

Present status:

The CGPA I have stated on my CV, and the semesters it covers:

Attached: [Group I document, Group II document, as per clause 23.9]

I undertake to inform the Cell within seven days of any change in this position.

[Full Name] | [Course] | [Roll Number]

D.6 Student undertaking, clause 45.4

UNDERTAKING

I, [Full Name], [Course], Roll Number [], a registered student of The Placement Cell, Sri Venkateswara College, hereby declare that:

1. Every statement, figure and claim on the CV and variants submitted by me is true and is supported by the proofs furnished in my Proof File.
2. I have disclosed every backlog, ER, withheld result and pending correction, if any, in accordance with clause 23.5.
3. I understand that any false, fabricated or misrepresentative information or proof will attract permanent blacklisting in addition to disqualification, and referral for disciplinary action.
4. I consent to The Placement Cell verifying any claim on my CV directly with the organisation named, at any time during the session.
5. I understand that I may use only the Final Stamped CV in every opportunity facilitated by the Cell.

Signature: _____ Date: _____

D.7 Application to the College Examination Branch for a result correction

To,
The Officer-in-Charge, Examination Branch / The Nodal Officer
Sri Venkateswara College, University of Delhi

Subject: Application for rectification of Semester [] result – [Full Name] – Examination Roll No. []

Respected Sir / Ma'am,

I am a student of [Course], Semester [], bearing Examination Roll Number []. In the result declared on [date] for the [Month Year] semester examination, my result in the paper [full paper name and code] has been recorded as [ER / Absent / Fail / internals missing].

I appeared for the said examination on [date] at [centre], and I am attaching my admit card in support. [Where internals are missing: My internal assessment marks for this paper were awarded by the Department and are not reflected in the marksheet.]

I request that the matter be examined and taken up with the University for rectification. I shall furnish any further document required.

Enclosures: 1. Copy of the marksheet 2. Copy of the admit card 3. [Internal assessment record / Department confirmation] 4. [Any other]

Yours sincerely,

[Full Name] | [Course] | [College Roll No.] | [Contact] | [Official College email]

Date: _____

ANNEXURE E · TWENTY MOST COMMON REASONS A CV IS SENT BACK

#	Reason	How to fix it
1	A number appears on the CV with no supporting document	Obtain written confirmation from the organisation using Template D.2, or delete the number
2	The role title has been upgraded from what the certificate states	Copy the certificate wording exactly
3	The verification email was sent from a Gmail address	Request it from the organisation's own domain, or establish the public address as official under clause 14.3
4	An offer letter has been submitted alone for an internship	Add the trail mail, or obtain a completion certificate
5	The duration reads "2 months" with no dates and no day count	Add the date of joining and the date of completion
6	The same society appears twice under Positions of Responsibility	Consolidate into one entry showing progression
7	The tenure in a PoR heading does not match the position named	Start the entry from the month the position was held, and move earlier roles into the description
8	A Live Project has been listed under Work Experience	Move it to its own heading under clause 27
9	A Forage or similar simulation is listed as an internship, or the platform is not named	Move it to Courses or Virtual Job Simulations, name Forage or the platform, and drop any duration or Intern title
10	The proofs do not follow the order of the CV	Rearrange the file top to bottom in CV order, College marksheet first
11	Batch size has been used as the selection pool	Remove it, or produce the real pool figure in writing
12	An unpublished paper has been listed as a Research Paper	Relabel it as a research project, working paper or conference presentation under clause 32.4
13	CGPA has been computed by averaging SGPA's	Recompute using credit points under clause 22.16
14	SGPA has been written where CGPA was required	Replace with CGPA, and state SGPA separately if desired
15	The Board examination has been written as "Class XII" without naming the examination or the Board	Write AISSCE (CBSE), ISC (CISCE), or as the Board names it, per Annexure B.2
15A	The course is written as BCH, Eco Hons, Physics (H) or B.A. Programme	Write it as the University record has it: B.Com. (Hons.), B.A. (Hons.) Economics, B.Sc. (Hons.) Physics, B.A. (Prog.) naming both disciplines
16	Full stops appear at the end of bullets	Remove every one of them
17	The CV runs to two pages	Cut the weakest pointers, not the font size
18	The CV is an image-based PDF whose text cannot be selected	Export directly from the word processor
19	A technical skill is listed with no certificate or proof	Produce proof, or remove the skill
20	A backlog, ER or pending correction was not disclosed	Disclose immediately using Template D.5

ANNEXURE F · FREQUENTLY ASKED QUESTIONS

The format and the process

F1. Is it really compulsory to use the CV format given by the Cell? Can I not prepare my CV in the way I think best?

It is compulsory. Clause 20.3 of the Placement Policy provides that a CV which does not adhere to the specified format shall not be accepted. A single format lets a recruiter compare candidates from the College on the same terms, lets the Cell vet a large volume consistently, and stops a student losing a shortlist over a design choice. If you nevertheless submit a CV in your own format, clause 17.4 applies: **the Cell may accept it if, on examination, it deems the CV fit; or it may direct you to remake it in the prescribed format if the time window in the Cycle allows; or it may reject it altogether**, in which case you stand unvetted for that Cycle. That discretion belongs to the Cell alone and cannot be claimed as a right.

F2. What happens if I use a non-prescribed CV for an actual opportunity?

Clause 17.6 applies. The CV is treated as a CV other than the Final Stamped CV, **the application to that opportunity may be rejected**, and clause 9.3 attracts blacklisting for two months, extending to permanent blacklisting in aggravated cases.

F3. My profile is unusual and the format does not do it justice. Is there any route?

Yes, but before the Cycle opens. Write to your Coordinator under clause 17.7 setting out the specific difficulty. The Cell may permit a limited deviation. It will be recorded, and it will not create a precedent for anyone else.

F4. What is the acceptable length of my CV?

Exactly one page. There is no exception.

F5. What font and size should I use?

Calibri (Body). **Name at size 18, the Educational Qualifications table at size 8, and all other text between 9 and 11.** Nothing on the CV may fall below size 8.

F6. Should my bullets end with a full stop?

No. **Do not use a full stop at the end of a bullet**, or in between points under any heading.

F7. How many CVs can I maintain?

Two at most: Variant A, the general CV, and Variant B, a targeted CV. A third variant is not permitted. Both must be vetted in the same Compulsory Cycle.

F8. Can a variant contain something the general CV does not?

No. Nothing may be added to a variant that was not vetted for Variant A, and a pointer appearing in more than one variant must be worded identically in each.

F9. What if I find a mistake after my CV has been stamped?

It cannot be corrected until the next Cycle, unless it falls within one of the narrow Mid-Vetting cases in clause 5.10 **and** you had filled the Mid-Vetting registration form during the Compulsory Cycle. Proofread before you submit.

F9A. In what order should my proofs be arranged?

In exactly the order the pointers appear on your CV, read from the top of the page to the bottom. The College or University marksheet comes first, because Education sits first on the CV. Then Class XII, then Class X, then each subsequent section in the order it appears, ending with the proof for the bottom-most pointer on your CV. Within a section, the most recent entry comes first, mirroring the CV. Please make sure the file is arranged properly before you send it.

F9B. When can I update my CV?

Only when the Cell opens a window. CV updation is at the sole discretion of the Cell. Whether an Optional Cycle or a Mid-Vetting window is opened at all, when, for how long, and what may be changed within it, is decided by the Cell and **intimated to students in advance** by email, the official placement WhatsApp group, the portal where in use, or any other notified medium. No student can demand an updation window or an update outside one, and a request sent when no window is open is not held over for the next one.

**F10. How long does vetting take?**

Expect a response within five working days of submission or of raising a query. Do not submit on the last day; a late submission leaves no room to cure a discrepancy.

F11. Who do I contact with a query, and how do I know who my Coordinator is?

Your assigned Coordinator, and only your assigned Coordinator. The allocation is intimated through the media the Cell notifies from time to time, so keep checking every one of them. Escalations go to pcell@svc.ac.in with your Coordinator in copy.

Education, results and backlogs**F11A. How exactly do I write my course name?**

Exactly as it appears on your University record. Use **(Hons.)** with a capital H and a full stop, and put the discipline after the degree with no comma: **B.A. (Hons.) Economics, B.Com. (Hons.), B.Sc. (Hons.) Statistics**. Do not write BCH, Eco Hons, Pol Sc Hons, Physics (H), BA Prog or B.Com Pass. Write the institution in full as **Sri Venkateswara College, University of Delhi**, never as SVC alone or Venky. Clause 22A and Annexure B.1 have the full table.

F11B. I am in the fourth year. What do I write?

Whatever the University record confers. Write **(Hons.)**, or **(Hons. with Research)** only if you are actually enrolled in the research track and the record says so. **The word "Pursuing" is not permitted in the education table.** The Year column always carries a year: entering the third year in 2026-27 you write **2027/28**, and in the fourth year you write **2026/27**. You may not present the three-year exit degree as awarded unless it has been awarded.

F11B-i. Can I write "Pursuing" in the Year column?

No. **"Pursuing" is not accepted anywhere in the Educational Qualifications table.** The Year column carries a year and nothing else. State the expected year of passing: **2027/28** if you are entering the third year this session, **2026/27** if you are in the fourth year. The same applies to the Class XII, Class X and Professional Qualification rows. A course still under way is shown through the wording of the entry, such as CFA Level I (Pursuing), never through the Year column.

F11C. Can I add my Generic Elective or Minor to my course name?

No. A GE, DSE or Minor is not part of the course. A B.Com. (Hons.) student who took an Economics GE is not a "B.Com. (Hons.) with Economics" student. Mention such papers, if at all, under Skills or Coursework Projects.

F11D. My course is not in your table. What do I do?

Write it exactly as it appears on your University record, and confirm the form with your assigned Coordinator before you submit.

F12. Can I write SGPA instead of CGPA?

No. SGPA reflects one semester; CGPA reflects your cumulative position. Use CGPA in the education table. You may state an SGPA separately, clearly labelled, naming the semester.

F13. My CGPA is 9.476. Can I write 9.5?

No. Round to two decimal places: 9.48.

F14. Can I average my semester SGPAs to arrive at my CGPA?

No. CGPA is the weighted average of credit points. Clause 22.4 shows a worked example where the two methods give different answers.

F15. How do I write my Class XII if I am from CBSE?

As **AISSE (CBSE)**, with the school name, city, year of passing and percentage. Class X is written as **AISSE (CBSE)**.

F16. And if I am from the ICSE board?

Class X is **ICSE (CISCE)** and Class XII is **ISC (CISCE)**. The two are different examinations of the same council and the names are not interchangeable.

F17. I am from a state board, IB or Cambridge. What do I write?

Write the examination as your Board names it, and name the Board in full at least once, for example SSC (Maharashtra State Board). For Cambridge, write IGCSE for Class X and A Levels for Class XII, stating the number of subjects. For IB, write IB MYP and IBDP, and state the IBDP score out of 45. Do not convert letter grades or an IB score into a percentage.

F18. Can I use my DU "Best of Four" percentage?

No. That computation is for admissions. Use the method in clause 22.26.

F19. Can I mention my Board examination rank?

Yes, if it was officially published. If it was published by a media house rather than the Board, **you must cite the media house on the CV**. Your school cannot ratify a district, state or national rank.

F20. No rank was ever published for me. Can I calculate one from my percentage?

No. SVC does not accept backtracked or self-derived ranks. State your percentage.

F21. My marksheet shows ER, or shows me absent in a paper I actually sat for. What do I do?

Three things, in this order. **First**, start the correction process immediately, being re-evaluation, rechecking, or a grievance to the College Examination Branch or Nodal Officer. These windows are short and a fee is payable. **Second**, disclose the position to your Coordinator using Template D.5. **Third**, write on your CV only the CGPA that the official record presently supports, with the semester reference stated. Clause 23 governs this in full.

F22. Do I have to write the word "backlog" on my CV?

No. The CV is not a disclosure document for adverse results. What you may not do is state a figure the record does not support. Disclosure is made to the Cell, not on the page.

F23. What proof does the Cell accept for a disputed backlog?

At least one document from each of two groups under clause 23.9. **Group I**, proving a correction has been formally initiated: the acknowledged re-evaluation or rechecking application with the fee receipt; the acknowledged grievance application bearing a diary number or receipt stamp; an email from the Examination Branch or Nodal Officer confirming the matter has been taken up; or a College letter on letterhead confirming the case has been forwarded. **Group II**, proving the entry is wrong: the admit card together with the attendance record where you were marked absent; a Department or Teacher-in-Charge confirmation of internal assessment marks where internals are missing; the Department's award list; or a marksheet in which the same paper stands passed. A **revised marksheet from the University** is conclusive and replaces both.

F24. Does a backlog make me ineligible for placements?

Not under these Guidelines. A disputed or genuine backlog does not by itself stop you registering or being vetted. However, many recruiters set their own backlog criteria, and clause 7.5 of the Placement Policy provides that a company's own criteria are not overridden. That is exactly why disclosure under clause 23.5 matters: it lets the Cell advise you correctly.

F25. My correction came through after my CV was stamped. Can I update the CGPA?

Yes. That is one of the Mid-Vetting cases in clause 5.10, provided you registered for Mid-Vetting. Only the affected figure may be changed.

F26. A company asks me to declare my backlogs. What do I say?

The truth, as the official record stands, and you may add that a correction is pending. The Cell will never advise you to answer otherwise and is not responsible for an untruthful declaration you make to a company.

Work experience

F27. My internship was three weeks. Can I call it an internship?

No. Anything under four weeks is a Live Project and belongs under its own heading.

F28. Can Live Projects go under "Internships and Work Experience"?

No. Live Projects carry their own heading.

F29. My certificate says "Intern – Finance Department". Can I write "Finance Intern"?

No. Write either "Intern – Finance Department" or "Intern".

F30. I only have the offer letter. Is that enough?

No. An offer letter proves a role was offered, not that you completed it. Pair it with the trail mail evidencing the work done, or obtain a certificate or a verification email.

F31. Can I mention a Forage virtual job simulation under Internships?

No, under no circumstances. It goes under **Courses, Virtual Job Simulations** or **Certifications**. The word **Forage**, or the name of the platform, must appear regardless of the heading used. You may not claim a duration in weeks or months, you may not use the words Intern, Internship, Analyst, Associate or Trainee for it, and it does not count towards the four-week threshold. Write it as: *Investment Banking Job Simulation – XYZ Bank, on Forage [2026]*.

F31A. Why is a job simulation treated so strictly?

Because there was no selection, no supervision, no reporting line and no deliverable submitted to the organisation whose brand is on the certificate. That organisation never engaged you. A recruiter who sees it presented as an internship at a competitor or a client firm will treat the whole CV as unreliable.

F32. Can I mention an externship under Work Experience?

Yes, provided the word "Extern" or "Externship" appears in the sub-header.

F33. Can I mention the number of applicants I was selected from?

Only with written proof of the pool size from the organisation. Batch size, form-fill counts and event registrations may never be used as a proxy.

F34. I did a project under my Position of Responsibility. Can I show it as freelancing?

No. Work done in the capacity of a PoR belongs in the description of that PoR.

F35. Can I show myself as an Independent Consultant instead of naming the organisation?

No, unless the organisation itself ratifies that description.

Ventures, projects and research

F36. My start-up exists only as an Instagram page. Is that enough?

No. For an online-only venture you need a website or mobile application on a **custom domain** resembling the venture's name. A social media page alone makes it a Student Initiative under clause 31.

F37. My website is hosted on a platform subdomain. Does that count?

No. Subdomains such as github.io and vercel.app are not accepted. A custom domain is required.

F38. I have written a research paper but it has not been published. Can I list it?

Not as a Research Paper. That term is reserved for work published in a journal with an ISSN, or in a publication with an ISBN. An unpublished manuscript, a submitted but unaccepted manuscript, a preprint, a repository upload or a LinkedIn post is not a research paper. If it has been **accepted** and you hold an acceptance letter stating the ISSN or ISBN and the expected date of publication, you may write it with the words "**Accepted for publication**" and name the journal. Otherwise, relabel the work honestly as a research project, working paper, research article or conference presentation.

F39. I presented at a conference. Is that a research paper?

Only if proceedings carrying an ISSN or ISBN were published. Otherwise it is a conference presentation, and you should name the conference, the organising body and the year.

F40. My article was published in my society's magazine. Is that a research paper?

No. Call it a research article, editorial or publication.

F41. I did a project under an SVC professor. How is it classified?

As a Coursework Project, unless the professor's official College domain email or letter **explicitly** states that it is a "Research Project and not a Coursework Project".

F42. I posted my project on LinkedIn. Can that be my proof?

No. Produce the version history of the working file, or another document establishing authorship and ownership.

F43. Can I write "Equity Research Report for XYZ Ltd."?

No. Write "Equity Research Report **on** XYZ Ltd." The word "for" implies a client relationship that does not exist.

F44. Can I mention the conclusion of my own report, such as a valuation or a cost saving I identified?

No. The Cell has no authority to ratify your own analysis. Describe what you did, not what you concluded.

Positions of responsibility, awards and activities

F45. I held two positions in the same society. Can I list them separately?

No. Consolidate into one entry showing progression, with the earlier position inside the description.

F46. I headed sponsorship for my society's fest. Is that a separate PoR?

No. It is a line inside the description of the PoR you held at that society.

F47. What proof do I need for a society position?

A **tenure certificate is enough** for the position itself. If the society, department or College has issued you a certificate naming you, the post and the tenure with months and years, nothing further is required. If no certificate exists, an official letter or email from the society, an email from the Teacher-in-Charge or Convenor, or the official announcement poster naming you and the post will do.

F47A. And if I want to write bullets about what I actually did?

Then the society confirms that wording, in whichever way is easiest for it: printed on or annexed to the tenure certificate, a short mail for you alone from a College or society email address, or one consolidated list for the whole society using Template D.3. **The Teacher-in-Charge does not have to be copied as a matter of routine**; the Cell approaches the TIC only if a pointer is disputed or the society cannot be reached. Vetting of the wording stays qualitative, and getting that confirmation is your responsibility.

F48. What is the difference between Personal and Team awards?

A Personal award is one where the certificate is in your name, or where you represented the team as the presenter. A Team award is one where you worked in a team and the certificate is not in your name. Team awards must additionally be verified by the Teacher-in-Charge.

F49. Will a trophy, medal or badge be accepted as proof?

Only where it carries your name along with the particulars claimed, and only as corroborative Tier 3 proof alongside a Tier 1 or Tier 2 document.

F50. Can I write "National Finalist" if I won my campus round?

No. A campus round is not a national round. State the stage you actually reached.

F51. Can I attach the sponsor's brand name to a competition?

No. Only the organising body may be named. Knowledge partners, sponsors and associate brands may not be attached to the competition name or spiked.

F52. Can only one of my teammates hold the certificate?

Yes, and the rest of you may prove participation by procuring a letter or mail from the official email address of the organising body.

F53. Is a result declared on the organiser's Instagram acceptable proof?

Yes, provided the post explicitly names your team, the participants and the position secured. If any of that is missing, an email from the organiser's official domain ID is required.

F54. My Executive Board role at an MUN. Award or PoR?

A Position of Responsibility, under clause 33.

F55. From which class can I mention achievements?

Class IX onwards. Primary and middle school achievements are not accepted.

F56. I was selected for an international programme but could not attend. Can I mention it?

Selection is not participation. It may not be listed as International Representation, and under clause 38.2 it may not be listed as a summer school or international programme either.

F57. I represented my college at an inter-college tournament. Is that state-level sport?

No. You may claim representation at a level only where the body governing that level selected you, and that body must confirm it in writing.

Skills, courses and proofs generally

F58. I learnt Python on my own, or picked up SQL during an internship. I have no certificate. Can I still list it?

Yes. **A certificate is only one of five accepted routes.** You may instead show that the tool is named in the proof you already gave for an internship, live project or PoR, or get a one-line confirmation from that organisation; or show your own work, such as a repository, notebook, dashboard or script, with a screen recording of its version history; or show a marksheet, syllabus or professor's confirmation that the tool was part of a paper or project; or ask the Cell to assess you, in which case a short practical task or viva counts as proof. **Self-taught skills are fully acceptable.** Evidence of work is what is needed, not evidence of a purchase.

F58A. What if I cannot produce any of those?

The skill comes off the Skills line. You may still mention it under Interests, which needs no proof, as long as it is not presented as a competency.

F59. Can I write that I am fluent in a language?

State a level only where it is certified, and name the certification, such as JLPT N3 or DELF B2. An uncertified claim belongs under Interests.

F60. Can I mention a course I am still doing?

Yes, if you have completed at least 75% of it, you are eligible for certification within a specified period, and you mention no more than two such courses.

F61. My school does not have an official domain email. What do I do?

Establish that the public address belongs to the school, through a letter on its letterhead signed and stamped, or through that address appearing on the school's or umbrella body's official website. Once established, proofs from that address are valid.

F62. Can I send a screenshot of an email as proof?

Forward the original email so the sender address, date and headers survive. A screenshot may be attached for convenience but is not accepted on its own.

F63. Can I mention the returns I made on my personal trading account?

No. No return, profit, growth rate or portfolio figure from a personal trading or investment account may appear on the CV. You may mention the interest itself.

F64. My achievement is not covered by any heading in this document. What now?

Write to your Coordinator **before the Cycle closes**. A decision will be recorded, applied consistently across the batch, and considered for the next edition.

F65. Who can see my Proof File?

Only your assigned Coordinator and the office-bearers responsible for vetting. It is used solely for vetting, is never shared with a company, and is deleted at the close of the session.
